2. Possession under the order of attachment shall be taken by erecting a long bamboo on the land in the presence of some of the chief inhabitants of the neighbouring villages including members of the panchayats and chaukidars. The order shall also be proclaimed at some place on, or adjacent to, the property by beat of drum or other customary method; and copies of the order shall be affixed at a conspicuous part of the property and at a conspicuous place in the nearest inhabited village. A copy thereof shall also be affixed in a conspicuous part of the office of the Subdivisional Officer or Collector.

II.—MANAGEMENT.

3. Pending a decision of the Court, under section 6 of the Act, the Collector shall cause to be prepared a list showing the names of all persons claiming to be in cultivating possession, disputed or otherwise, of particular lands within the attached area. If there be no dispute regarding the cultivation of any land, the person in possession shall be left undisturbed to cultivate that land and a temporary settlement made with him pending the Court's decision. If there be such a dispute, the land shall be settled temporarily in such manner as the Collector may direct.

4. The settlements under rule 3 shall be effected by the simple grant of permission to cultivate the land on condition of the payment of a certain rent, and on condition that the tenancy will terminate on the expiry of such period as may be fixed, not exceeding three years, or, if within such period the Collector puts, according to an order passed under section 6 of the Act by the Court, any other person in possession, on the date of such possession being given.

5. If the Collector appoints a Receiver for the attached land, the powers, duties and liabilities of such Receiver shall be the same as those of a Receiver appointed under Order XL in the First Schedule to the Code of Civil Procedure, 1908 (Act V of 1908).

III.—DEMARCATION, SURVEY AND PREPARATION OF A MAP.

6. So far as practicable, the disputed area shall be clearly demarcated by permanent pillars.

7. A survey of the boundary of the attached area, together, where necessary, with a survey of the internal detail of the area, shall be made by means of a theodolite. Such survey shall, where practicable, be connected with such permanent marks as may exist in the vicinity.

8. (*1*) The map prepared on the basis of such survey shall show—

(1) the boundary of the disputed land;

(2) internal boundaries where necessary;

(3) the permanent marks with which the survey was connected, where practicable;

(4) the boundaries of adjacent lands so far as may be necessary; and

(5) the position of the revenue, diara or other relevant survey lines if such position can be determined with sufficient accuracy, and such lines are relevant to the dispute.

RESOLUTION ON THE REPORT OF THE PRICES ENQUIRY COMMITTEE.

GOVERNMENT OF BENGAL.

COMMERCE DEPARTMENT.

CALCUTTA, THE 25TH APRIL 1921.

RESOLUTION—No. 1704Com.

ON the 1st July 1920 the following resolution was passed at a meeting of the Bengal Legislative Council :—

This Council recommends to the Governor in Council that a committee be appointed to enquire as to how far the prices of articles are, to the detriment of the people, being enhanced in some cases by the charging of prices yielding an unreasonable profit to the persons engaged in the production, handling or distribution thereof ; and to suggest lines on which legislative or executive action may, if necessary, be taken to control the same.

A Committee consisting of seven members of the Legislative Council was accordingly formed to deal with the matter, but two of them appear to have

taken little or no part in the proceedings and the report is signed by only five members. The report was received at the end of November 1920, but the preoccupations attendant upon the introduction of the Reforms Scheme in January 1921 rendered it impossible for the old Government of Bengal to undertake an examination of the Committee's recommendations, while since the creation of the new Government, the Governor in Council has been much engaged with matters of greater urgency. A careful watch has, however, been maintained over prices, and the problem of rice exports, to which the Committee have devoted a large portion of their report, was fully debated at a meeting of the Legislative Council on the 10th February 1921.

2. It is noteworthy that, while the Committee was appointed to enquire how far prices were being enhanced to the detriment of the people by the charging of prices yielding an unreasonable profit to persons engaged in the production, handling or distribution of goods, they have devoted only a small part of their report to the question of profiteering. In the remainder of their report, they discuss much wider questions relating to the causes of the recent rise in prices of rice, food-grains, cloth, sugar, milk and other necessaries of life. These subjects were outside the scope of their reference. If the Governor in Council had contemplated such an investigation, he would have constituted the committee somewhat differently and would have directed their attention to the enquiries which have been instituted into these matters in recent years by the Government of India, who can, of course, deal with an all-India question of this kind much more authoritatively than any provincial Government. In the circumstances, the Governor in Council must deal somewhat briefly with the recommendations of the Committee regarding broad questions of trade policy, not because he underrates their importance or the efforts of the Committee to arrive at sound conclusions, but because he feels that no body constituted on a purely provincial basis and looking at the matter almost entirely from the provincial point of view can deal adequately with such matters.

3. The Committee, as was natural, have devoted the largest section of their report to the question of rice. They have described fully the action taken in regard to this commodity by the Government of India during the two years previous to their enquiries, and while their statement of facts is correct, as far as it goes, their analysis of policy and its results would have been more valuable if they had referred to the suggestive report of the Indian Food Stuffs Commissioner which was published at the end of 1919 and to the proceedings of the Select Committee of the Indian Legislative Council which was appointed in September 1919 to consider the question of high prices. It will be apparent from the following remarks to what extent the Bengal Committee's study of the subject was hampered by their ignorance of the results of these wider investigations. It is impossible, within the limits of a resolution, to deal with the matter except in its broad outlines, and the Governor in Council can only refer those who are interested in the details of the subject to the reports and proceedings issued by the Government of India.

4. The Bengal Committee ascribe the high prices of rice which have prevailed during the last two years mainly to shortage of supplies and to export. They are of opinion that there has been some profiteering as regards rice, but not to the same extent as in the case of cloth and sugar, and they give no details in support of their recommendation that an all-India Profiteering Act should be applied to the rice trade. They suggest the formation of associations on co-operative lines in order to eliminate middlemen's profits and thereby benefit both producers and consumers, but it does not appear that the existing machinery of the trade can be held responsible in any considerable degree for the phenomenal rise in prices which began in 1918. To the war as the primary cause of that rise, the Committee, curiously enough, make no reference whatever, and yet, as the Food Stuffs Commissioner remarked, it is a commonplace that the world-wide rise in prices must be ascribed in all countries mainly to the war, which for more than four years diverted the energies of the greater part of the population of the principal

European countries either to military service or to the production of commodities required for the maintenance and supply of armies in the field, thereby greatly curtailing the supply of the ordinary necessaries of life. India was, of course, less directly affected in this particular manner than Europe, and as a matter of fact the price of foodstuffs has risen less in India than in any European country, but India could not expect to be entirely immune from a world-wide rise in prices, and India, like other countries, has suffered from the exigencies of the war, which compelled a large addition to the volume of credit and currency for the purpose of financing the war. It is unnecessary to analyse further the direct and indirect effects of the war on prices; it is sufficient to point out that no investigation of prices can be considered adequate or practically useful which omits all consideration of the effects of the war in this respect.

5. Reverting to the Committee's estimate of the causes of the recent high prices, it is noteworthy that as between shortage of supply and export, they "consider export to be the principal factor in Bengal of keeping up the high price of foodstuffs." They proceed to accuse the Government of India of denuding Bengal of its rice stocks in 1918-19 by statements made without proper enquiry and reducing the people to the brink of starvation. Again they say "It is evident therefore that the rise in price of rice in Bengal is mainly due to the exports overseas from India and that Government ought to put a stop to this until the normal level of prices in India is again reached." These sweeping statements are sufficiently refuted by the following figures regarding the production and export of rice from India excluding Burma, during the past eight years :—

	Outturn. In 000s of tons.	Amount exported. In 000s of tons.			Outturn. In 000s of tons.	Amount exported. In 000s of tons.
1912-13 ...	23,984	688	Pre-war.	1916-17 ...	30,221	416
1913-14 ...	24,753	591		1917-18 ...	31,486	447
1914-15 ...	23,567	431		1918-19 ...	20,672	409
1915-16 ...	28,631	402		1919-20 ...	32,196	126

These figures show that the Committee's broad proposition that the high prices of rice in Bengal were mainly due to exports overseas is untenable. It is no doubt true that exports, even on a small scale, influence prices, and moreover that the controlled exports of rice from Bengal to other provinces in India during the abnormal conditions prevailing in 1919 did for a time very seriously affect prices in Bengal, but the primary cause of the abnormal conditions was not the small volume of export, but the deficiency of over ten million tons in the outturn of the 1918 crop, operating with the general shortage of the Indian harvests of that year and with the world-wide forces tending to produce upheavals of prices at the end of a protracted war, which affected every civilised country in the world. The figures for 1919-20 further illustrate the result of the action which the Government of India took in 1918 to conserve stocks in the country and to prevent them from being attracted abroad by the higher prices prevailing elsewhere. It was on the 11th December 1918 that the Government of India prohibited the export of rice from India except under licence, and only allowed export in limited quantities to certain countries which have a considerable Indian population. In 1920 no export of rice overseas from Bengal was allowed, except in respect of small quantities of an expensive quality of rice, which is not consumed in Bengal. These restrictions are still in force, but no one reading the Committee's report without any previous knowledge of the subject would imagine that they had ever been imposed, and it would indeed appear from the report that the Committee were unaware of their existence.

6. It is unnecessary to dwell here on the inconsistency between the recommendation of the Committee that the export of rice from Bengal to other provinces should be stopped, while all restrictions on the export of rice from Burma to India should be removed. The policy of Government in regard to this matter was fully explained in the debate which took place in the Bengal Legislative Council on the 10th February 1921. In the view of the Governor in Council, all restrictions on trade and particularly on the inter-provincial traffic of foodstuffs are in themselves an evil, and have been proved by the experience of the last two years to be an evil, to which the country cannot justifiably be asked to submit, unless there is a reasonable prospect that a greater evil will thereby be averted. At the present time, when the price of rice, though still regrettably high, is lower than it has been at any period since March 1919, and there is every prospect of a further fall if the coming harvest is up to the average, the Governor in Council is not prepared to ask the Government of India to reimpose the control over the inter-provincial traffic in foodstuffs, which was put into force during the wholly abnormal conditions which prevailed in 1919. As already stated, the export of rice overseas is still prohibited, and His Excellency in Council is willing to leave it to the Government of India to decide, having regard to the interests of the country as a whole and to world-wide trade conditions of which they alone can have adequate knowledge, when this restriction should be removed.

7. The Governor in Council cannot leave this aspect of the case, without expressing his dissent from the view of the Committee that restrictions on the export of rice from Bengal can be imposed without injuring the cultivator. It is admitted that such restrictions must tend to depress the prices obtained by the cultivator, and must therefore injuriously affect those cultivators who have surplus stocks to dispose of, but the Committee claim that "the number of agriculturists who get and can keep sufficient stock of their rice for consumption throughout the whole year and have surplus for sale so as to derive benefit from the high prices at the export time is very small". His Excellency in Council is unable to concur in this description of the condition of the Bengal agriculturist; if it were correct, the cultivator would keep the whole or the greater part of his produce for his own consumption, and there would be little or no surplus available either for sale in the country or for export. But a large surplus notoriously exists, and it is obvious that any artificial measure tending to reduce the prices of food-grains must in the long run tend to discourage production by inducing the cultivator to take to the cultivation of commercial crops yielding a higher profit. Exceptional circumstances such as those which have prevailed during the last two years may justify measures for the conservation of stocks within the country, but the permanent retention of such measures must ultimately affect production in a manner which would be highly prejudicial to home consumers.

8. With the general proposals of the Committee for the improvement of cultivation and the promotion of the interests of the cultivators by the spread of the co-operative movement and otherwise, the Governor in Council is in full accord. Measures of this nature have been the active concern of Government for many years, and now that under the reformed constitution these subjects have been entrusted to a Minister subject to the control and influence of the Legislative Council, His Excellency in Council looks forward with confidence to further developments. The Committee's suggestions on these matters will no doubt receive the careful consideration of the Minister and of the Legislative Council.

9. It is not necessary to deal at length with the question of sugar. The Committee make the following recommendations :—

(1) Arrangements should be made and every facility offered to private enterprise to increase the sugar produce in this country :

(2) There should be an embargo on the export of sugar from India : and

(3) Some measures should be taken to prevent speculation and profiteering.

The report of the Indian Sugar Committee, who were appointed with the object of advising on the expansion of the sugar industry, will doubtless cover the ground of the first recommendation. That report is awaited. The second recommendation for an embargo on the export of sugar is not warranted by the finding of the Committee that the country practically exports no sugar, whilst it would have, if anything, the effect not of encouraging but of discouraging the production of sugar. The third recommendation is not supported by any facts on which it is possible to take any action.

10. The remarks of the Committee on the price of milk raise the whole question of the improvement of cattle and of the milk supply. This extremely difficult problem has constantly received the attention of the Agricultural Department. The Committee, however, make two specific recommendations. The first is that the export of cattle, though small, should be stopped. This is a matter which has recently come under examination; and special statistics relating to it are being collected under the orders of the Government of India. The second specific recommendation that dairies should be established on a co-operative basis is one which the Registrar of Co-operative Societies has already adopted, particularly in the neighbourhood of Calcutta, with a view to providing Calcutta in part with a cheaper and purer supply of milk.

In respect of ghee the Committee again think that exports should be stopped in order to bring down its price, but they make out no case for such action. As a matter of fact, there has been a substantial decrease in the quantity of ghee exported since the year 1914-15.

11. In dealing with the question of cloth prices, the Committee have adhered more closely to the terms of their reference than in the other portions of their report. They have shown how India's undue dependence on outside sources for its cloth supplies led inevitably to a serious shortage, when outside supplies were diminished by the curtailment of production in England and America during the war. Demand exceeded supply with the result that some at least of those who controlled supply were able to make profits which appeared to be exorbitant. The Committee have described the emergency measures which were taken by Government, largely with the advice and co-operation of the trade, to stop undue speculation and forcing up of prices and to supply cheap cloth to the poorer classes. These measures doubtless had their effect at the time, though it is open to argument whether the end of the war and the falling off in the purchasing power of consumers had not more to do with the stabilising of prices than any of the measures adopted by Government. However this may be, the Committee's proposals for the re-introduction of war measures and the imposition of more drastic measures of control than were ever thought of during the war must be judged, not in the light of war conditions, but of those prevailing at the present day. During the war, the main problem was to make the best possible use of existing supplies and to prevent exorbitant rates being charged for those supplies Nothing could be done to stimulate production in the belligerent countries from which the greater part of the supplies come, and increase in indigenous supplies was too slow a remedy to produce much immediate effect on prices. With the cessation of hostilities, outside supplies have revived of themselves, and any artificial control of prices must tend to reduce supplies and so to defeat its own object.

12. The Committee have animadverted on the large dividends paid by certain Indian cotton mills during the war. The figures quoted by them are exceptional, though it is no doubt true that for a time cotton mills generally were making large profits. The average dividends paid in 1919 by the cotton mills for which statistics are available was 52 per cent., as compared with 7 per cent. in 1914. It must, however, be remembered that owing to the large turnover of the cotton mills, a small decrease in the selling price produces a large reduction in profits. The four most flourishing cotton mills in Bengal paid in 1919 an average dividend of 120 per cent. A reduction of 7 per cent. in the selling price of cotton and yarn would have reduced their dividends to 20 per cent. and would have entirely abolished the profits of the

less paying concerns, while involving some of them in actual loss. The Committee's proposal to fix standard profits for cotton manufactures could only have the ultimate result of driving capital out of the industry and so decreasing production. Any action designed to ensure an artificial reduction in prices would be peculiarly inappropriate at the present time, when owing to the fall in exchange, and possibly to over-importing, the import trade is notoriously working at a heavy loss, and many importers are only able to carry on with the help of the profits made during the war. Moreover, a limitation of profits logically involves a guarantee against loss, and it would be impossible to saddle public funds with this heavy burden at the present time.

13. Apart from limitation of prices and profits, the Committee's main recommendation for bringing down the existing high prices of cloth is the re-introduction of standard cloth. It is proposed that Indian mills should be required to devote 20 or 25 per cent. of their looms to the production of this cloth, which should be sold for the benefit of the poorer classes at controlled prices calculated to give a reasonable profit over the actual cost of production. It is, however, noteworthy that, whatever may have been the case in other provinces, standard cloth was never popular in Bengal, even at the time of the greatest scarcity when it was introduced. The Committee appear to have been under the impression that the stock of standard cloth was exhausted as soon as it was put on the market, but as a matter of fact only a few bales were actually sold in Bengal, the rest being distributed free in certain areas which were suffering from distress. The fact that standard cloth was available doubtless had a salutary effect on potential profiteers in Bengal, but the amount actually sold was too small to affect the market rates of ordinary cloth. It is not likely that standard cloth would be more popular in Bengal now, when the cost of its production would be 15 per cent. higher than it was in 1919; and it would be impossible for it to compete successfully with ordinary cloth when imported cloth is being sold at a loss and a rapid expansion of the mill industry is taking place in India itself.

14. Similar general objections apply to most of the other remedies suggested by the Committee, and they can only be dealt with briefly here. The licensing of dealers in Calcutta was introduced at a time when prices had an upward tendency and a number of private individuals were hoarding goods, thus intensifying the scarcity of supplies. These conditions do not prevail at the present time, when many of the regular dealers are faced with heavy losses, and there is no suggestion that any of them are making unreasonable profits. In these circumstances, the Governor in Council can see no advantage in re-introducing the licensing system, which, by limiting the number of dealers, would restrict capital and competition and make it more easy for the trade to combine to raise prices. Similarly, there is no justification at present for assuming the power to commandeer stocks. The mere threat of such measures, and still more their actual execution, would merely depress trade and so retard the revival of production on which a fall in prices must ultimately depend. The Committee further suggest that the erection of new cotton mills should be stimulated by a Government guarantee of minimum profits, but new mills are, as a matter of fact, springing up rapidly. In the matter of the encouragement and improvement of the handloom industries, the Department of Industries and the Registrar of Co-operative Societies are doing their utmost, and weavers' societies have increased from 34 in 1916 to 113 in 1920. The success achieved by the Bankura District Co-operative Industrial Union in organising the weaving industry in that district has been noteworthy. It would, however, be impossible for Government to undertake the payment of bounties on handwoven cloth or the responsibility for losses due to a falling market, though as a matter of fact the producers of such cloth do receive an indirect bounty, inasmuch as they are exempt from the duties which are paid on imported cloth and on cloth produced by the Indian mills. Nor could Government for obvious reasons organise domestic spinning by women in their homes. Such a movement must depend on popular opinion, though Government will be prepared to assist in any direction that is open to it. One difficulty is the supply of suitable cotton. The Indian Cotton

Committee were of opinion that exotic varieties of cotton are unsuited to the climatic and other conditions of the Presidency and they saw no prospect of any appreciable extension of the indigenous varieties. The matter is, however, being further considered by the Agricultural Department.

15. The Committee's proposals for the abolition of import and excise duties on piece-goods relate to matters outside the province of the local Government. A large amount of imperial revenue is involved, and it is highly improbable that the supreme Government would be able to forego this resource during the present financial stringency. It remains to be seen whether the differentiation in favour of the Indian mills caused by the recent increase in the import duties will not have a more beneficial effect on the objects which the Committee have at heart than the measures which they have proposed.

16. It will be gathered from what has been said that the Governor in Council is unable to support the Committee's proposal for an all-India Profiteering Act, which they apparently intended to apply to all classes of articles. There is no doubt that profiteering prevailed to some extent during the war in regard to cloth and possibly also in regard to sugar—two articles for which India is dependent to an unduly large degree on outside supplies, which were curtailed during the war. The Committee themselves admit that it was not prevalent to the same extent in regard to rice and other food-grains which are produced in the country itself, and they have furnished no evidence that it is prevalent at the present time to such an extent as to justify all-India legislation. The experience of similar legislation in Great Britain is not encouraging, and the Governor in Council is not prepared to make any recommendation to the Government of India on the subject.

17. Though the Governor in Council has been compelled to express his dissent from many of the Committee's conclusions, he has read their report with interest, and desires to express his appreciation of the labour which its preparation must have involved to the members of the Committee and particularly to the Chairman, Babu Surendra Nath Ray. The report is coloured by the abnormal conditions which the greatest war in history created even in countries like India which it did not directly affect. Now that war conditions are passing away, the problems to which they gave rise are changing, and new problems are arising of even greater difficulty and complexity. The Governor in Council is conscious that they cannot be settled by rigid adherence to the theoretical standards of policy and economics which prevailed before the war, but it would be an even greater mistake to decide them with reference to the necessarily makeshift arrangements which were introduced to meet the chaos and confusion produced by the war; and after all, the war has not changed human nature or the fundamental principles evolved by centuries of experience for regulating commerce between man and man.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR THE MONTH OF MARCH 1921.

I. **Character of the season.**—The rainfall during the month was general throughout the province, the fall being in excess of the normal in the Eastern Bengal districts as well as in Murshidabad, Jessore and Khulna. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Harvesting of the spring crops was well advanced during the latter part of the month. Planting of sugar-cane continued. During the early part of the month ploughing of lands for jute, paddy and other autumn crops and their sowings proceeded slowly owing to excessive rainfall in the Eastern Bengal districts.

III. **State of standing crops.**—The state of standing spring crops was generally reported to be favourable. The rainfall during the month benefited specially the wheat and *boro* paddy.

IV. **Prospects and probable outturn.**—The prospects of *boro* paddy, wheat and vegetables were, on the whole, reported to be favourable. A fairly good outturn is expected.

V. **Damage to standing crops.**—During the first part of the month excessive rain accompanied with hailstorms caused some damage to the early spring crops which were nearly ready for harvest in parts of North and East Bengal.

VI. **Condition of agricultural stock.**—The condition of livestock was fair. Cattle-disease was, however, reported to be more or less prevalent in fourteen districts of the Province.

VII. **Failure of pasturage and fodder.**—During the month there was no scarcity of fodder and water in the Province.

VIII. **Prices of food-grains.**—During the second fortnight of the month the prices of common rice of the cheapest quality fell in five districts, rose in seven, and remained stationary in the rest of the Province. The prices ranged from 6 seers per rupee at Darjeeling to 9 seers at Khulna.

IX. **Condition of agricultural population.**—The condition of the agricultural population was fair.

No. 119 (third publication).—The Portmaster, Brisbane, has given Notice (No. 1 of 1921) that on the 31st March 1921 the following alterations to lights and beacons will be made :—

1. The southern edge of the sector light at the old Pilot Station, Grassy Hill, will be altered from S. 87 E. Mag. to N. 78 E. Mag. and the last two lines of the paragraph on page 124 of the Queensland Sailing Directions should be altered to read :—" bearings of S. 40 E. and N. 78 E., that is between the Timandra Bank buoy and the black buoy moored at the point of the banks extending north-west from Sea Hill." 2. The present probationary grade will be abolished and the existing members thereof absorbed in the cadre. Persons directly recruited for the posts of Superintendents of Excise and Salt will be full members of the service from the beginning of their career, but will remain on probation for a period of one year, their increment of pay and confirmation in the second year depending on their passing the prescribed departmental test coupled with general fitness. Murshidabad.

Now, therefore, in exercise of the power conferred by rule 43 (2) of the said rules, the Governor is pleased to order that the said petition be dismissed and that Babu Surendra Narayan Singh be deemed to have been duly elected to the said Council.

2. The Governor is further pleased to order that in accordance with the recommendations of the said Commissioners the petitioner (Babu Annoda Prasad Sanyal) shall pay to the respondent (Babu Surendra Narayan Singh) the sum of Rs. 1,200 as costs, with interest thereon at the rate of Rs. 6 per cent. per annum with effect from the 10th April 1921.

3. The following report of the said Commissioners is published in accordance with the provisions of rule 43 (2) of the said rules.

J. DONALD,
Chief Secretary
to the Government of Bengal (offg.).

Report on case No. 1F. of 1921—Berhampore—under the Bengal Electoral Rules.

Present:

MR. G. B. MUMFORD.
„ BANWARI LAL BANARJI.
„ RADHARAMAN MUKHARJI.

We, the Commissioners appointed under the above rules, have the honour to submit that in this election petition—which we have been appointed to hear—and which has been brought by Babu Annada Prasad Sanyal of Berhampore, elector No. 1881 in the electoral roll of the district of Murshidabad, Bengal, against the election of Babu Surendra Narain Singh of Nihalia, the original prayers were:—

(1) that on account of the corrupt practices and irregularities mentioned in the petition (and summarized below), the election of Babu Surendra Narain Singh be declared void and be cancelled, and

(2) that Babu Ramani Mohan Sen, the candidate who had the next largest number of votes be declared elected.

Stated briefly the corrupt practices alleged are as follows:—

(1) *Clause IV (1) of petition.*—Payment of bribes to voters by Surendra Babu's agents and men.

(2) *Clause IV (2).*—Payment by the same, or promises to pay, to officers of landlords to secure votes.

(3) *Clause IV (3).*—Payment of money by the candidate himself to "an influential man" (unnamed) for the same purpose.

(4) *Clause IV (4).*—Promises of money by the candidate's men to various parties at various places and for various purposes,—*e.g.*, for a library—to secure votes.

(5) *Clause IV (5).*—Treating at the poll.

(6) *Clause IV (6).*—Publication of false statements in a local newspaper.

(7) *Clause IV* (7).—Interference with electors by publication of leaflets and otherwise.

(8) *Clause VI.*—Undue influence exercised by the candidate himself towards one Babu Anil Kumar Chatterji, a rival candidate.

Clause V.—The irregularity alleged is that at one polling station voters from outside were allowed to vote illegally after 3 P. M.

All the candidates were made respondents in the petition in compliance with rules 32 of the Electoral Rules, but Ramani Babu, not having claimed the seat for himself at this enquiry, a petition to withdraw the second prayer was filed and allowed.

The only prayer, therefore, which we have now to consider is that for declaring the election of Surendra Babu void; in other words, we have to consider whether any of the grounds mentioned in rule 42 of the Electoral Rules have been made out.

The following issues were settled by us on reference to the pleadings :—

(1) Were the payments referred to in paragraphs I to III of clause IV of the petition, the promises referred to in paragraph IV, and the publication referred to in paragraph VI made by the first respondent (candidate) or his agents? Was there treating or interference by his agents as alleged in paragraphs V and VII?

(2) If so, do any of these acts amount to corrupt practices as defined in schedule IV of the rules?

(3) If so, what is their effect?

(4) Are the allegations in paragraph V of the petition correct? If so, do they amount to such non-compliance as is referred to in Part VII, section 42 (*1*) (*c*) of the rules, and, if so, was the result of the election materially affected thereby?

(5) Is there any legal bar to the maintaining of the petition?

(6) Are the allegations in clause VI of the petition correct? And if so, do they amount to *undue influence*, as defined in schedule IV, Part I (*2*) of the rules?

DECISION.

Issue (*5*).—We can find no legal bar to the maintaining of the petition. It is urged that the petition is a *benami* one, and that really it has been brought at the instance of Ramani Babu, and should therefore be thrown out. But the rules provide for the filing of a petition by any elector, and we see no force in this objection.

It was also urged at the outset that the petition should be rejected on account of its undoubted vagueness. But we were doubtful as to our power to do this once it had been accepted by Government. We requested the petitioner, however, to furnish further particulars, as the petition—as it stood—was one which no man could be expected to meet, and this was done within the time allowed by us.

Issue (*6*).—The only evidence on this point consists of the statements of petitioner's witness 1, Babu Anil Kumar Chaturji. He was a candidate himself, and is a respectable man holding several public offices. His statements are therefore entitled to special consideration. He says that Surendra Babu (respondent in this case) came to his house and requested him to withdraw his candidature, and that he also asked him whether he was ready to withdraw if Ramani Babu also withdrew. He replied that he would fight to the last, and he says that thereupon Surendra Babu said that he would see how Anil Babu would get himself elected and how much money he (Anil Babu) could spend over the matter. Anil Babu goes on to state that *he* understood Suren Babu to mean that by spending money he would take away some voters on his side. Assuming that this is a correct account of the interview let us see whether Surendra Babu's conduct can be described as undue influence as defined in the Electoral Rules. These rules require interference or attempt to interfere with the candidate's right to stand by means of violence, injury, restraint, or fraud or any threat thereof. It has been argued that there was threat of injury, and fraud. We are inclined to think that the term

"injury" used here means either temporal injury of a like nature to "violence" or "restraint" between which two expressions it finds a place, or some wrong for which either a civil or a criminal action might be brought and that it does not include a mere chance or contingency of not being elected. Surendra Babu's threat, regarded from another point of view, really appears to be one of mere competition, and without attempting to lay down any precise definition of the term "*injury*", as used in the rules, we think it is sufficient to say that in our opinion injury was not threatened in this case.

As regards *fraud*, it has, no doubt, been mentioned in the petition that Surendra Babu falsely represented to Anil Babu that Ramani Babu would withdraw in his (Surendra Babu's) favour. But this is not what Anil Babu says in his evidence. We cannot agree therefore that there was any false representation—let alone fraud. It is true that Anil Babu has said that what is stated in the petition is correct. If he means that, we can only hold that he has put a construction upon Surendra Babu's words which the words themselves do not justify. Further, Anil Babu has definitely stated in his cross-examination that the only words used by Surendra Babu in connection with Ramani Babu's withdrawal were those which we have quoted above. In the circumstances we are unable to find that there was any fraud. This issue therefore is also answered in the negative.

Issue (*4*).—Petitioner's witnesses 21, 22 and 32 are the witnesses on this point. Petitioner's witness 21 is an agent of the defeated candidate—Ramani Babu, who is son of Rai Baikuntha Nath Sen Bahadur under whom the petitioner is an employee. He says that people from outside the building in which the poll was held, came in and voted after 3 P.M. But he made no complaint to the polling officer about this. His explanation that he did not know that the procedure was irregular, and his statement as to the way in which he came to depose in this case, appear to us to be disingenuous. Moreover, he does not say that the people in question voted for Surendra Babu or that they were not waiting outside from before 3 P.M. He and petitioner's witness 22 contradict one another as to whether there was any policeman on guard, and he was once convicted for lurking house trespass. The next witness—petitioner's witness 22—is a degraded civil court clerk. He cannot definitely say whether any voter came in from outside after 3 P.M. The last witness—petitioner's witness 32—was produced at a later date, as if to fill up a gap in the evidence. He speaks of people coming into the compound of the polling station in a carriage after 3 P.M.; but he does not know their names, and only heard that they were voters. The respondent has examined the head clerk of the Lalbagh Municipality who was deputed to watch the voters, and his evidence shews that there was no irregularity or non-compliance with any rule or regulation of any kind. This issue is also decided against the petitioner.

Issues (*1*) *and* (*2*).—We take next the issues (1) and (2) which involve various incidents. We first deal with paragraphs 5 and 6 of clause IV of the petition. Paragraph 5 relates to *treating*, and as to this the only witnesses are petitioner's witnesses 2 and 5. All that petitioner's witness 2 says in chief is that he saw Surendra Babu's canvassers taking voters to have refreshments. In cross examination he says that he saw this from the gate of his master's office, and that the voters were taken to the shop of one Sambhu Ghosh. That shop he admits would be 150 yards from the gate where he was sitting, and he also admits that there are houses and shops between the gate and that shop. He could not say who occupied the houses or owned the shops; he could not mention the names of the voters alleged to have been treated, and he confessed that he simply guessed that they were voters, because two men called Baidyanath and Bholanath were bringing them from the direction of the polling station, which place he admits was not visible from where he was sitting. Sambhu Ghosh, we may add, supplies the people of his office with sweets, and though he was cited by the petitioner he was not examined. There is nothing to prove that Bholanath and Baidyanath were Surendra Babu's agents, and the witness does not say that he saw refreshments actually provided from the shop. In the circumstances we cannot attach any value to his evidence.

Petitioner's witness 5 says that one Basanta gave Rs. 25 to one Sashi Das to pay for sweets given to voters. It is sufficient to say that this witness swore an affidavit relating to corrupt practices on the part of Basanta and entirely omitted therefrom any reference to this incident. Basanta has been examined by the respondent, and he denies it. We are unable to find that there was any treating.

As regards paragraph 6 of clause IV, the statements are not shown to us to be false, and appear to us to be perfectly harmless. Neither Surendra Babu nor his agents have been proved to have had any connection with the publication. In the circumstances it is unnecessary to say more on the subject.

No evidence has been given of the interference alleged in paragraph 7, clause IV of the petition.

We now proceed to discuss the evidence regarding the payment of bribes to voters, taking the alleged payments in the order given in the further particulars.

I (a) Payment to Sishi Das by Basanta, agent of respondent.—With this allegation we have already dealt, and we need only add that according to the only witness—petitioner's witness No. 5—there were many persons present,—some of whom he names—when the payment is said to have been made, none of whom have been examined. In our opinion, this allegation has not been proved.

I (b)—Payment to Jatin by Dinobandhu, agent of respondent.—Petitioner's witness Nos. 6, 9 and 10 speak to this alleged payment They are—as the evidence shows—men of straw, and their statements are highly discrepant. Admittedly they did not perform their obvious duty of bringing the illegality to the notice of the polling officer and their explanation as to how they came to be put into the box is very disingenuous. Moreover—as a matter of fact—there is no reliable evidence to show that Dinobandhu was an agent of Surendra Babu at all. This payment also, we do not think, has been proved.

I (c)—Payment to Murari by Kshirode Sashi Ghosh, agent of respondent.—Petitioner's witness 7 alone speaks of this. He says that the sum paid was Rs. 2 only. There is, however, no evidence to show that this Murari was a voter at all.

Petitioner's witness 30 is the naib of this witness's village and there is good reason to believe that the former canvassed for Ramani Babu. We shall further consider his evidence when dealing with another allegation. It is sufficient to note here that he has not proved payment to any voter and that any such payment was denied by Kshirode who was examined by the respondent.

I (d)—Payment to a voter of Tungi by Hrisikesh, agent of respondent.—Petitioner's witness 16 alone deposes to this. He admits that others, one of whom he names, were present, but they were not called. He does not know the name of the old culprit. He only heard that he was a voter, and he had never seen him before. He says that he did not inform the polling officer of the payment although admittedly he realised that it was a wrong thing. The respondent has been attacked for not examining Hrisikesh who was admittedly his agent. We find that he was summoned; but we have no reason to suppose that respondent could have been aware of his absence in response to the summons until it was too late to ask for a further process against him. We are not satisfied as to this payment.

I (e)—Payment to voters by Benoy pada, respondent's agent.—The only witness, who speaks to this payment, is petitioner's witness 32. He says that Benoy paid Re. 1 each to two sweepers who are said to have votes; but he does not know their names or addresses. He had never spoken to them before though he had known them by sight for years. There were many people present, he says, when the payment was made; but no one of them has been examined. We have dealt with the evidence of this witness before, on another point, and to shew the type to which he belongs, it is sufficient to state that though he admits that his brother was a canvasser, he professes to be unable to say for whom he canvassed. He also says that he did not know what he would be asked when he stepped into the witness box. We cannot accept testimony such as this.

Clause I (f)—Payment to some voters at Khargram by Krishnadhan and Satish, agents of respondent.—We can find no evidence on this point. Petitioner's witness 26 deposes to the promise referred to in clause IV (e) of the further particulars, which is distinct from clause I (f) with which we are now dealing.

Clause I (g)—Payment to voters at Gorabazar by respondent's agents.—We can find no evidence on this point also.

Clause I (h)—Payment to voters at Jethia for Lakshmi Puja by Kshirode Sashi Ghosh, agent of respondent.—On this point the only witness is petitioner's witness 19; but all he professes to prove is an admission by one *Satish* on this point. As a matter of fact the point was not pressed. We do not find that any payment has been proved.

Clause I (i)—Offer of money to Bhujanga by the candidate himself.—This is a very serious allegation, for the sitting candidate has been himself charged with direct bribery. The only witness on the point is—petitioner's witness 3—Bhujanga himself. We think it sufficient to say that the offer—even if made—is couched in words which do not necessarily simply more than an invitation to Bhujanga to become an agent. For the offer is said to have been one "to pay, if necessary, the costs for securing" votes. Bhujanga cannot explain how he came to depose in this case. Further, he professes to have told other people of the offer; but he is the only witness examined. The respondent was violently attacked for not going into the witness box; but when we find that this offer, the alleged attempt to interfere with Anil Babu and a certain alleged payment to Chandra Chatterji—with which we shall shortly deal—are the only things imputed to him personally, we cannot draw any adverse inference from his absence.

Clause I (i)—Offer to Ram Chandra Biswas by Dinabandhu, respondent's agent.—As to this, the only witness is petitioner's witness 6. It is surprising that Dinabandhu should offer him money for voting when he admittedly had no vote. It appears, however, that according to this witness the offer was with a view to securing votes of others. We have already disbelieved this witness in the matter of the alleged bribe to Jatin, and we cannot rate his evidence any higher on the present point. He and petitioner's witness 9 also speak of a similar offer to the latter by Dinabandhu, but we have already placed petitioner's witness 9 in the same category with him. Further, we do not find it proved that Dinabandhu was an agent of respondent, We do not think that the petitioner has made out a case as regards this offer.

Clause I (j)—Offer to voters of Shapore and Amlai—No evidence was adduced on this point.

Clause II (1)—*Offer of money to Lalit Mohan by respondent.*—No evidence has been given on this point.

Clause II (2)—*Offer of money to Abinash Roy by Basanta, agent of respondent.*—The only witness on this point is Abinash himself, petitioner's witness 4. He was an agent for Anil Babu, and he says that he was offered Rs. 50 to "try for respondent instead." We shall deal with this witness when discussing the evidence as regards the offer to the Jangipur Library. All we need point out now is that the offer, even if made, suggests nothing more than an invitation to him to transfer his services as a paid agent, and that the offer has, as a matter of fact, been denied by Basanta Roy, defendant's witness 3.

Clause II (3)—Offer of money to Nava Krisna by Hrisikesh, agent of respondent.—The only witness to this is petitioner's witness 8. This offer also might have been one for paid agency. The witness does not appear to be a man of any position, and the story of a graduated offer culminating at the poll, as given by him, appears to us to be improbable. In England proof of matters such as these requires very cogent and satisfactory evidence, and we think that the standard of evidence in this country should be at the very least as high as it is there.

Clause II (4)—Offer of money to Parbati Biswas by Hrisikesh Banarji, respondent's agent.—Parbati Biswas, petitioner's witness 16, is the only witness examined to prove this. We have dealt with this witness already

[See I (*d*)]. He admits that he spoke to another man about the matter, but his evidence stands uncorroborated.

Clause II (5)—Offer of money to Upendra Nath Roy by Kshirode Sashi Ghose, agent of respondent.—In the further particulars the offer is said to have been made by Kshirode; but in the evidence—which is that of petitioner's witness 33—it is said to have been made by Jyotish and Sachinandan! The witness contradicts himself later as to whether it was Jyotish alone who made the offer. Jyotish has not been proved to be an agent of respondent. The witness supported the defeated candidate Ramani Babu, and he cannot explain how he came to be called as a witness. For these reasons we have no hesitation in rejecting his evidence.

Clause II (6).—Offer to Jogesh Mukharji by Kshirode Sashi Ghose.—No evidence has been given on this point.

We do not find any of these offers to have been proved.

With regard to *offers* generally it may be noted that the respondent's counsel asked us to delete the evidence on the ground that the original petition is confined only to payments and *promises*. But as a *promise* includes an *offer* and as the petitioner used the two terms indiscriminately in his further particulars, we have allowed the evidence of offers to remain.

We will now deal with the alleged *payment by the respondent of Rs. 700 to one Chandra Kanta Chatarji* before the election (clause IV (3) of the petition).—We should first observe that this person is not named at all in the original petition. The evidence on the point is the statement of *Bhujanga*—petitioner's witness 3—that Chandra Kanta admitted the payment to him, and the statement of Sashi Roy (petitioner's witness 29) that his nephew, Bhujanga (petitioner's witness 3) told him of this. These two witnesses live in the same compound. Chandra Kanta is an overseer of the District Board of which the father of Ramani Babu (the defeated candidate) is the Chairman. It seems improbable that, in the circumstances, he should have supported Surendra Babu at all. Chandra Kanta about a year ago, cut a *bandh* in front of Sashibhushan's house (petitioner's witness 29), and the latter complained against him to the District Board, but got no relief. We think it probable that there was ill-feeling between these two persons on this account. Sashi Roy (petitioner's witness 29) and Bhujanga (petitioner's witness 3) are distant relations of Ramani Babu, one of the defeated candidates, and all of them are *Vaidyas*. There is ground for suspicion that Bhujanga has told this story about Chandra Kanta on the one hand, to upset Surendra Babu's election and, on the other, to get Chandra Kanta into trouble. Notwithstanding the attempt of Bhujanga and Sashibhushan to suppress the fact that they were canvassing for Ramani Babu, there can be no doubt that they were doing so. They were telling people to vote for him, and they also called a meeting of voters to support his candidature. If Chandra Kanta was really Surendra Babu's man, that he should approach Bhujanga and Sashi, of all people, and make the admission alleged, is highly improbable. The payment of money is not alleged to have been seen by anybody, and Bhujanga's account as to how he fell in with Chandra Kanta at the time the admission is said to have been made, does not appear to us to be credible. Chandra Kanta is said to have made this admission in connection with Surendra Babu's offer to Bhujanga noticed above, and we have pointed out that that offer was not necessarily more than an invitation to Bhujanga to become a paid agent. Bhujanga admits that he spoke to others besides Sashibhushan about the alleged offer to Chandra Kanta, but they are not called as witnesses.

The evidence of respondent's witness, Shyam Babu, pleader, shows that Chandra Kanta was not at the place where the offer is said to have been made, at the time alleged.

In this connection we do not find that any corrupt practice has been established.

We now come to certain alleged promises of payments, the first of which is—

(*a*) *A promise of Rs. 1,000 for a library at Jangipur* by Bhajahari, Shyam, Kshirode, Basanta and others, agents of the respondent.

These persons are all named in the particulars, but in the evidence the only alleged agents implicated are Bhajahari and Shyam Babus. Petitioner's witnesses 2 and 4 speak to this promise and we have also a statement by petitioner's witness Anil Babu in connection therewith. Anil Babu says that petitioner's witness 4 told him that he had been told by Bhajahari that if some amount (the exact amount he does not state) were paid to the Jangipur Library, the votes of Jangipur might be secured for Anil and not otherwise, as Surendra Babu had made an offer of money for that purpose. Anil Babu's statement has no independent value, and he confesses that he does not exactly remember what petitioner's witness 4 said to him. We have already disbelieved petitioner's witness 2 in connection with the matter of *treating*. He speaks of an admission by Shyam Babu to him about the offer to the library, and of a later admission to voters at the polling booth. At that time, he says, Shyam Babu was in the compound of the polling hall, but his cross-examination shows that he could not possibly have seen Shyam Babu in the compound so long as he was present at the poll. The evidence shews that Shyam Babu wanted to eject him from the polling hall, and that Dwija Babu, Ramani Babu's agent, gave him a note to the polling officer to secure his admission. It appears that he is Ramani Babu's man. Shyam Babu denies the allegations *in toto*, and Bhajahari has not been proved to have been agent of Surendra Babu. As regards petitioner's witness 4, his informant is said have been this Bhajahari Babu, and in the circumstances, the latter's statement, if any, would be inadmissible. According to this witness Shyam Babu was present when Bhajahari gave the information and said that if witness got the same amount (from Anil Babu), they would get votes for him (Anil Babu) too. This picture of Shyam Babu openly selling the same votes twice over, appears to us ridiculous. Petitioner's witness 4 is shewn to have been very anxious to get money for the library, and it is difficult to resist the suspicion that he may have invented his story in order to bleed Anil Babu. He has deposed in the most disingenuous fashion throughout, and there is an obvious discrepancy in the evidence as to when he informed Anil of the matter. The respondents' witness Shyam Babu is a pleader, and man of position, and the petitioner's counsel has failed to persuade us that his evidence cannot be relied on. That evidence gives the lie to the story of the petitioner's witnesses on this point. The respondent has been attacked for not calling Bhajahari Babu; but it appears that he was originally cited as a recriminatory witness. The withdrawal of the petitioner's second prayer shut out such evidence, and we do not see why we should draw any adverse inference from respondent's omission to examine him.

Clause IV.—We next come to the offer of Rs. 2,000 for the Baralla School to Sashi and others, by the respondent's agent, Kshirode.

The witnesses on this point are petitioner's witnesses 3, 7, 20, 29 and 30. Petitioner's witness 3 is Bhujanga; petitioner's witness 29 is Sashi and we have already commented on the character of these witnesses. Petitioner's witness 3 spoke of one *Kshirode Behari Sirkar*, as making the offer, and petitioner's witness 7, whose brother is a gomastha of petitioner's witness 20, spoke of *Kshirode Sashi Ghosh*, respondent's admitted agent. The latter's evidence really only amounts to this: that he heard Sashi tell Kshirode that he could not take any money. The witness is a tenant of the village of which Ram Prasanna—petitioner's witness 30—is the naib, and petitioner's witness 30 was strongly supporting Ramani Babu. Petitioner's witness 7 is also a priest of Kali Babu, who was a canvasser for Ramani.

As regards petitioner's witness 20, he does not explain how he came to be called as a witness, and he admits that he was once fined Rs. 1,000 in a ear-cutting case; he was a supporter of Ramani, and both he and Ram Prasanna (petitioner's witness 30) are members of the school committee of which Sashi is the secretary. He speaks apparently of an independent offer to himself, which is not specified in the particulars, and, unlike the others, he does not state what amount was offered.

At first only these three witnesses deposed to this incident; and we have reason to believe that it was because their evidence was found to be neither sufficient nor reliable, that petitioner's witnesses 29 and 30 were

subsequently summoned. These were the two witnesses, whom we should have expected to have been called, before any others, to prove the incident and the omission to cite them before has not been satisfactorily explained.

Sashi Babu was brought up in the house of Anil's father, and Anil expected his assistance in the election; but he tells us that Sashi wanted to sell the votes under his control for Rs. 500, whereupon Anil explained to him that this was illegal. Sashi Babu denies this; but we certainly prefer to believe Anil Babu in the matter. We find from the latter, that the Baralla School Committee members must have been ready to sell votes for the benefit of the school, and if Surendra Babu really made the offer of Rs. 2,000, we can not believe for a moment that it would have been refused as is alleged. It is to be noted that this would be an enormous price to pay for a few votes which the School Committee might control.

It is clear from the evidence that Baralla was a stronghold of Ramani Babu; and it is probable that these witnesses have combined, in an attempt to secure him the seat, by trying to unseat Surendra Babu.

It is also unlikely that anyboy on Surendra Babu's behalf, should have attempted to storm that stronghold.

Sashi Babu cut a sorry figure in the witness box; he hesitated to deny that he asked for any money for canvassing for Ramani Babu and it would appear from his evidence, that he has been disbelieved in previous cases.

Petitioner's witness 30 appears to us on his own shewing to be little better than an accomplice, as he implies that he personally had no objection to taking a bribe. We conclude that this offer to the Baralla School has not been proved.

We next come to the alleged offer of money to the Shijgram school, made by Jadu Ray, respondent's agent, to one Pramatha, who is petitioner's witness 17.

Witnesses on this point are Pramatha himself and petitioner's witness 31, teachers of the same school. Before we discuss their evidence, we should note that Shijgram was not even mentioned in the original petition.

Admittedly the secretary of the school could have deposed also to this incident, but he was not called. He is a member of the District and Local Boards, and has reason to be grateful to the former for the erection of a dispensary and a well at Shijgram.

There are some grounds, therefore, for the suggestion of respondent's Counsel that members of this school wish to stand well with the District Board, of which the father of Ramani Babu is the Chairman.

Petitioner's witness 17 attended a meeting at Shijgram, called to support Ramani Babu; he is not a local man and had no vote; there is nothing to show that he had any influence over voters, and it is unlikely that the offer should have been made to him, rather than to the secretary. Shijgram also appears to have been a stronghold of Ramani Babu; and it is therefore improbable, in our opinion, that this offer should have been made at all. We are not satisfied that the petitioner has made out a *primâ facie* case regarding this offer; it appears that neither of the two teacher witnesses was averse to accepting a bribe; it also appears that the school committee was then hard-pressed for money, and we cannot therefore believe the story of this offer and refusal.

As regards petitioner's witness 31, he did not depose in a straightforward manner. He asks us to believe that he does not remember whom he considered to be the fittest candidate!

The next thing to be considered is the alleged offer to petitioner's witness 16 by Hrisikesh for a school at Amtola. Petitioner's witness 16 is the only witness who speaks about this; we have discussed the character of this witness already, and we do not understand why he was approached rather than the secretary of the school, whose gomasta he is. We are not prepared to accept his uncorroborated statement.

The next promise alleged is one of money by Krishnadhan and Satish, agents of respondent; and the only witness to this promise is petitioner's

witness 26. He says that petitioner's witness 28 knew of it; but petitioner's witness 28 flatly denied this; it is this witness who says that, when questioned by the petitioner as to what he would depose to, he replied; "I will say what God will inspire me to say, but I do not know what He will inspire me to say"!!

We cannot accept his evidence, and we have not been seriously asked to do so.

The next promise alleged is one of payment of money by Kshirode, respondent's agent, for a school and tank at Rajnagar. The witnesses on this point are petitioner's witnesses 11 and 19. Petitioner's witness 11 implies that the offer was only for a tank, and both witnesses say that the offer (not technically a promise) was by both Kshirode and another man named Satish—who has not been proved to be an agent. Petitioner's witness 19, in fact, at first said that Satish alone made the offer. Afterwards he represented Khirode as saying: "Vote for my master and you will get help." Petitioner's witness 11 says that the offer was really made to one Mahendra, chief mandal of the village; but Mahendra has not been called. Petitioner's witness 11 adds that previous to deposing he mentioned the offer to no one, and did not know what he would be asked! Petitioner's witness 19 asks us to believe the same thing. These two witnesses contradict one another, and we are not prepared to accept their evidence. One is a gomasta and the other is a tenant under one Jogesh Naib who appears to have canvassed for Ramani Babu, the defeated candidate. (*Cf.* petitioner's witness 1 and defendant's witness 1.)

Khirode denies ever having made any such offer as alleged.

Then we come to an offer alleged to have been made to voter Phani Bhusan Bhattacharji and others for a school at Bhumihar by Khirode, Satish and others, agents of respondents.

There is no trace of any man named Phani Bhattacharji; but petitioner's witness 23, who is Phani Banarji, speaks of such an offer.

According to him the offer was by Jotish only, and it is not proved that respondent had any agent of that name.

As regards Kshirode, he says that he had a talk with him subsequently, and was then told: "Why not vote for Surendra Babu and then you could get money for the school?" Witness is an intimate friend of Jogesh (see above) and saw him in court here on the 2nd day of the hearing. He appears to have been disbelieved recently in a civil suit in the local munsif's court.

Petitioner's witness 33 speaks of an independant offer to him for the Bhumihar school by Jotish and one Sachinandan and he speaks of them as volunteering that they had made the same offer to Phani Banarji. He is a co-villager of Jogesh and in cross-examination he states that it was Jotish alone who made the offer! He is another of those witnesses who cannot explain how he came to be called at all.

We do not consider this evidence to be sufficient to establish a *primâ facie* case of bribery.

Khirode denies the allegation against him on this point.

Petitioner's witness 28 is the only witness as to the alleged offer for a school at Margram, said to have been made to one Bhola Nath Mitra, who does not depose at all, by Satish and Krishnadhan, agents of respondent. This witness came without summons, and was never even cited. He flatly contradicts another witness (25) on a matter into which it is unnecessary to enter here. His demeanour in the witness box was bad; he refers only to Krishnadhan, and not to Satish, and the former denies the whole incident.

There is a reference in the further particulars to an offer for a school at Garulia; but we can find no evidence in support of this. These offers we regard as unproved.

Lastly, the further particulars refer to an offer to Kumarish, respondent's witness 31, by Jadu, agent of respondent, for a school at Amlai.

Kumarish is the only witness to this, and he had already discussed the character of his evidence. According to him there should be several witnesses to corroborate him; but they have not been called.

He professes to be unable to say whether he came to Court in a private carriage or a *thika gari*. The term "disingenuous" must be applied to him also by any one who heard his cross-examination, and in the circumstances we reject his evidence on this point.

We have now dealt with all the evidence as regards bribery, and we answer issues 1 and 2 in the negative. Issue 3. therefore, does not arise.

We cannot find that the election of Babu Surendra Narain Singh was procured or induced by any corrupt practice, or that any such corrupt practice—as is defined in the electoral rules—has been proved to have been committed. We do not find that there was any irregularity in the election or any non-compliance with any Act, rule or regulation. We report that the returned candidate has been duly elected, and we would therefore dismiss the petition.

We have sat in court for 11 days, and we have spent a whole day in preparing this report.

We have been sensible throughout of the difficulty of our position in hearing a case of this nature for which we know of no precedent in this country, and we must acknowledge the assistance which we have received from learned counsel on both sides (Mr. Monnier for petitioner and Mr. S. K. Sen for respondent) and from the learned pleaders also engaged in the case.

It only remains for us to determine the question of costs, including pleaders' fees, which is one entirely within our discretion.

Respondent has submitted an affidavit of costs totalling a formidable amount. We think that Rs. 100 per diem is a reasonable sum for legal fees, and we would allow another Rs. 100 for witnesses' expenses. We determine that a sum of Rs. 1,200 in all is payable by petitioner to Babu Surendra Narain Singh, respondent, as costs bearing interest at 6 per cent. per annum, and we recommend that this sum be allowed.

In conclusion we wish to state that our report is unanimous.

1. Two classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the Province of Bihar and Orissa.

(*a*) "Regular Class" is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

N.B.—All candidates for admission whose applications have been officially acknowledged are requested to attend at the Office of the Medical College, Calcutta, to appear before a Selection Board each day between 1 and 3 P.M., subsequently to the 25th May.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list:—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2(*a*). In addition, the Bihar and Orissa Government will

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, *viz.*, Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, Local Bodies, or Dufferin Fund, shall pay the same fees as regular students.

THE ESTABLISHMENT OF A BOARD OF SECONDARY AND INTERMEDIATE EDUCATION FOR THE DACCA UNIVERSITY AREA.

GOVERNMENT OF BENGAL.

EDUCATION DEPARTMENT.

Education.

CALCUTTA, THE 7TH MAY 1921.

RESOLUTION—No. 1011 Edn.

The provisions of the Dacca University Act.—The Dacca University Act (Act No. XVIII of 1920) enacts in section 34 (2) that students shall not be eligible for admission to a course of study for a degree of that University,

unless they have passed the intermediate examination of an Indian University incorporated by any law for the time being in force, or an examination recognized in accordance with the provisions of this section as equivalent thereto, and possess such further qualifications as may be prescribed by the Ordinances of Dacca University. Section 34 (*4*) of the Act lays down that Dacca University shall not, save with the previous sanction of the Governor-General in Council, recognize (for the purposes of admission to a course of study for a degree), as equivalent to its own degrees, any degree conferred by any other University, or, as equivalent to the intermediate examination of an Indian University, any examination conducted by any other authority.

2. Section 6 (*5*) of the Dacca University Act enacts that it shall not be lawful for the University to conduct courses or maintain classes for the purpose of preparing students for admission to the University, while section 47 prescribes that no educational institution within a limit of five miles from the Convocation Hall of the University "shall be associated in any way with, or be admitted to any privileges of, any other University incorporated by law in British India" and that "any such privileges granted by any such other University within that limit prior to the commencement of this Act, shall be deemed to be withdrawn, on the commencement of this Act."

3. **The present position.**—Before Dacca University can open its classes, it will be necessary to bring the Dacca University Act into force by the publication in the *Gazette of India* of the notification required by section 1 (*2*) of the Act But immediately this notification appears, the intermediate classes and high English schools within the Dacca University area lose automatically their connexion with the University of Calcutta. In the terms of the Act of its incorporation Dacca University can neither conduct, maintain, or affiliate intermediate colleges or classes, nor recognize high English schools for the purposes of any examination which might correspond to the Matriculation Examination of Calcutta University.

4. The Calcutta University Commission in fact proposed that the duty of remodelling intermediate and secondary education and of raising it into a state of efficiency should be entrusted to a new Board of Secondary and Intermediate Education, "so constituted as to be representative of the various forms of experience which have a valid claim to be consulted in this matter." "This authority", the Commission observed, "should not be merely advisory or consultative, but should exercise executive powers in the sphere of secondary and intermediate education."

The Commission recommended that the new authority "should be in such relation to Government and the Legislative Council as would lay open its work to general review along with that of other parts of the educational administration of the State."

5. The Calcutta University Commission's Report was signed on the 18th March 1919. The Dacca University Bill was introduced into the India Legislative Council in September 1919 and became law on the 23rd March 1920. Meanwhile the Government of India had published their Resolution on the Report of the Calcutta University Commission (*cf.* Government of India Resolution No. 99, dated the 27th January 1920). In this Resolution, after foreshadowing early legislation in the matter of the general reconstruction of Calcutta University, the Government of India stated that they left it to local Governments to take such action as they might think fit "regarding the most important recommendations of the Commission, namely, the separation of intermediate from collegiate education and of placing it, together with secondary education, under some suitably constituted body on the lines of the Board of Secondary and Intermediate Examination in the Report—so constituted as to represent various interests and so related to the Department of Public Instruction, as to obviate any undue abrogation of the responsibility of Government for the adequacy of school training."

6. So long as the Indian Universities Act of 1904 (No. VIII of 1904) continues in operation in its present form, it is impossible to set in operation any new authority for dealing with secondary and intermediate education either in the Bengal Presidency as a whole or in any part of it. Intermediate courses of study leading up to University degree courses are under the law now in force the exclusive province of Calcutta University, and examinations recognized for the purposes of admission to University courses either at the intermediate or matriculation stages cannot, so long as the existing legal position remains unmodified, be conducted by any authority other than Calcutta University. Moreover the recognition of high English schools for the purposes of Matriculation is vested in Calcutta University by Statute. The bringing into force of the Dacca University Act will modify the existing legal position by excluding the Dacca University area from the control of Calcutta University. It was not until the beginning of this year that the Government of Bengal became aware that legislation for the general reconstruction of Calcutta University in accordance with the recommendations of the Calcutta Commission (these recommendations involve the complete reorganisation of collegiate and secondary education throughout Bengal) would not be attemped in the Indian Legislature and that it will consequently devolve upon the Bengal Ministry of Education to introduce in the Provincial Legislature such legislation for the reorganization of collegiate and secondary education, as may be considered both practical and desirable.

7. In the position in which he found himself during 1920 the Governor in Council, though he deprecated the use of executive order in a matter of this kind, was reluctant to resort to legislation for the purpose of establishing temporarily a Board of Secondary and Intermediate Education for the Dacca area only. His Excellency in Council recognized that, unless legislation amending the Dacca University Act could be passed immediately (a course which was not regarded as practicable), it would be necessary to create a new authority of at least a temporary nature for the area affected, if a breakdown of the general educational arrangements in Dacca was to be avoided. But he hesitated to introduce in the late Bengal Legislative Council a bill to provide for the establishment of a Dacca Board, seeing that such a procedure would certainly have been interpreted as prejudging the issue as to the control of secondary and intermediate education (a general issue on which the public of Bengal had not then had an adequate opportunity of expressing its views and one which, in the opinion of His Excellency in Council, should come before the Reformed Legislative Council of this Presidency), while at the same time the establishment at that juncture of a Dacca Board by an Act of the Legislature would have been regarded as investing the Board with a greater degree of permanence than the exigencies of the situation would have justified.

8. The Ministry of Education in the Reformed Government of Bengal take the same view; in other words while they recognize that it is essential that a new authority for secondary and intermediate education in Dacca should be constituted and set in operation before the 1st July next, and while they deprecate the setting up by an executive order of any new educational authority, even though its career is to be brief and the scope of its jurisdiction small, yet they are convinced that it would have been neither desirable nor practical to have attempted to force an emergency bill for the establishment of a Board of Secondary and Intermediate Education through the Provincial Legislature in the course of its recent session.

9. Calcutta University have been consulted. Without committing themselves on the question of the propriety of the constitution of a Board of Secondary and Intermediate Education for the Dacca University area, and without in any way accepting the establishment of such a Board as a precedent for the constitution, whether by executive order or otherwise, of a similar Board for the Bengal Presidency as a whole, the University, recognizing the embarrassment in which the Government of Bengal and Dacca University have been placed, agree to send representatives to the Dacca Board and are

prepared to consider favourably applications from students who have passed the Dacca Board Examinations for admission to Calcutta University courses and to grant the usual facilities of transfer as between institutions within the Dacca Board area and Calcutta University's sphere of influence. At a meeting held on the 2nd March 1921 the Senate of Calcutta University appointed as its representatives the two persons whose names appear below.

10. **The constitution and functions of the Board.**—In the circumstances above set forth the Government of Bengal in the Ministry of Education have decided to appoint, until the 30th June 1922 only in the first instance, a Board of Secondary and Intermediate Education for the Dacca University area. The Board will be constituted as follows :—

(1) Rai Lalit Mohan Chatterji Bahadur, Chairman (2) Mr. P. J. Hartog, C.I.E., Vice-Chancellor, Dacca University. (3) Dr. Mainwaring Holt, Professor and Director of Physical Education, Dacca University. (4) Mr. M. P. West, Honorary Reader in Education, Dacca University. (5) One of the Science Professors, Dacca University (to be nominated later).	Representatives of Dacca University.
(6) The Rev. G. Howells, Ph.D., B.LETT. B.D., Principal, Serampore College, and Fellow of Calcutta University. (7) Mr. Charu Chandra Biswas, B.L., Fellow of the Calcutta University and Member of the Syndicate.	Representatives of Calcutta University.
(8) Mr. A. K. Chanda, Vice-Principal, Dacca Intermediate College. (9) The Principal, Jagannath Intermediate College (to be nominated later). (10) Shams-ul-Ulama Abu Nasr Muhammad Wahid, Principal, Dacca Madrasah.	Representatives of Intermediate Colleges in Dacca.
(11) Maulvi Tasaddak Ahmad, Headmaster, Dacca Collegiate School. (12) Babu Prasanna Kumar Sen, Headmaster, Pogose School, Dacca. (13) Khan Sahib Kazi Zahirul Huq, Headmaster, Dacca Moslem High School.	Representatives of High English Schools in Dacca.
(14) Mrs. Rajkumari Das, Principal, Eden High School. (15) Rai Pyari Lal Doss Bahadur, M.B.E., M.L.C. (16) Rai Sarada Prosad Sen Bahadur, retired District and Sessions Judge, Bengal. (17) Mr. P. K. Bose, Bar.-at-Law. (18) Babu Sarat Chandra Chakravarti.	Representatives of the non-Muhammadan community of Dacca.
(19) Nawab Khwaja Muhammad Yusuf Khan Bahadur. (20) Khan Bahadur Khwaja Muhammad Azam, M.L.C. (21) Khan Bahadur Kazi Alauddin. (22) Maulvi Muhammad Abdur Razzaq, Superintendent, Kamadia Madrasah, Dacca.	Representatives of the Muhammadan community at Dacca.
(23) Khan Sahib Maulvi Kazi Imdadul Huq ...	*Secretary.*

The Chairman and Secretary will be whole-time salaried officers. All the members are honorary. The Secretary is not a member of the Board.

11. The jurisdiction of the Board will extend over the Dacca University area only, as defined in the Dacca University Act, and will be

restricted to intermediate colleges and classes, senior madrasahs and high English schools within that area. Speaking generally, the responsibilities of the Board will, subject to the general supervision of Government, include —

(a) the definition of curricula ;

(b) the prescription and conduct of examination and the award of diplomas and certificates on their results ;

(c) the granting of recognition ;

(d) the distribution of monetary grants to non-Government institutions in accordance with the prescribed rules, Government continuing to be, as hitherto, responsible for the maintenance of its own institutions and for the grant of such sums in connexion therewith as may be necessary to fulfil the requirements of the Board in the matter of buildings, staff and equipment ;

(e) the inspection of all educational institutions under the Board's control ; the Inspector of Schools, Dacca Division, and Inspectress of Schools, Dacca Circle, will be instructed to render the Board such assistance as is compatible with the discharge of their general duties ;

(f) advising Government in the Ministry of Education on any other matters affecting secondary or intermediate education within the Dacca University area.

12. It will be the business of the Board to conduct the special Islamic Matriculation Examination as also the Intermediate Examination of the Islamic Course. These examinations are at present conducted by the Director of Public Instruction assisted by an Advisory Board. This Advisory Board is hereby discontinued.

13. The Board will probably find it convenient to institute a system of standing committees. Each member of the Board should be a member of at least one standing committee, though it will probably be found desirable that no member of the Board should be a member of more than two standing committees. It will be open for the Board to arrange for the co-option of outside members to these standing committees. One of these standing committees should be a committee for Islamic Studies.

14. The actual control of the Board over intermediate colleges and high English schools cannot of course begin until the Dacca University Act has been actually brought into force, but this will presumably be done on or before the 1st July next. It is, however, essential that the Board should set to work at once and deal with the preliminaries which must be settled before July next. The necessary power and authority to deal immediately with such preliminaries is hereby conferred upon the Board. More in detail the Board's immediate duties will be—

(1) to work out courses for intermediate classes and high English schools ;

(2) to work out a system of examinations both at the matriculation and intermediate stages ;

(3) to make proposals for the intermediate instruction both of boys and girls in the Dacca University area ;

(4) to work out a scheme for the reorganisation, improvement and extension of high school education within the Dacca University area ;

(5) to make proposals for the supervision and control of the residence of students both of intermediate colleges and high English schools within the Dacca University area.

13. The control and supervision of students residing in Dacca town but not in any recognised hostels are at present in the hands of an Inspector of Students' Residences, who works under the guidance of a committee. This officer will continue to work under the Board; the committee is discontinued, but it is suggested that the Board may desire to make use of the services of some at least of its members on any standing committee which may be constituted in connexion with the residence of students.

16. Proposals from the Board which require the sanction of Government shall be submitted to the Deputy Secretary to the Government of Bengal in the Education Department.

17. It was the view of the Calcutta University Commission that the intermediate colleges, the establishment of which they advocated, should provide courses of instruction with distinct vocational bias. The public endorse these recommendations, but the present demand goes beyond them and includes facilities in the matter of practical vocational training not only for students of intermediate colleges but also for others. The Government of Bengal look to the Dacca Board of Secondary and Intermediate Education to work out and to submit to them practical proposals to meet these demands.

By order of the Government

(Ministry of Education),

L. S. S. O'MALLEY,

Secretary to the Government of Bengal.

G. FELL,

Secretary to the Government of India.

The following regulations, issued by the Government of India in the Department of Revenue and Agriculture, are published for general information.

J. A. L. SWAN,

Secretary to the Government of Bengal.

Regulations for the grant of State scholarships for the purpose of obtaining veterinary diplomas in the United Kingdom.

Applications are invited for State scholarships to be granted to enable young men to visit the United Kingdom with the object of gaining a Veterinary diploma and thereby rendering themselves eligible for appointment to the Imperial branch of the Indian Civil Veterinary Department. A candidate must be a person born and domiciled within the dominions of His Majesty in India or within the territory of Indian Princes tributary to, or in alliance with, His Majesty, of parents habitually resident in India and not established there for temporary purposes only. Candidates of European or Anglo-Indian descent must be unmarried, and, if selected as State scholars, must remain unmarried until completion of the prescribed course of training and their return to India.

2. Applicants, who should not be more than 23 nor less than 19 years of age on the 30th June 1921, must possess an honours degree in science of a University incorporated by law in British India.

3. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for the grant of a scholarship. Testimonials or other recommendations should not be attached to the applications.

4. Applications, which should be addressed direct to the Secretary to the Government of India, Department of Revenue and Agriculture, Simla, must be in the form* attached to these regulations, and must reach Simla not later than the 20th June 1921. Copies of the regulations and of the forms of applications may be obtained from the Secretary to the Government of India, Department of Revenue and Agriculture, but applications may be made in manuscript form if desired.

*Appendix II

5 Applications must be accompanied by a preliminary medical certificate of fitness for service in the Civil Veterinary Department signed by a Presidency Surgeon or the Civil Surgeon of the district or Agency in which the applicant resides. This certificate is intended to prevent applications from candidates who are obviously physically unsuited for the veterinary service and will not exempt candidates from appearance before the final Medical Board.

6. Applications from officers already in the public service, whether as probationers or on a permanent establishment, will not be entertained.

7. Candidates who from their papers appear *prima facie* to be suitable for appointment to the Department will be summoned by the Government of India to undergo a strict medical examination when, if passed as fit for the work of the Veterinary Department, they will be interviewed by a Selection Board appointed by the Government of India. The names of those candidates who are provisionally selected will then be forwarded to the local Government or Administration or Political Officer or Agent concerned for the necessary verification of their qualifications and character, on receipt of which the final selection will be made.

8 Candidates will not be entitled to any travelling allowance for journeys performed in connection with these regulations, with the exception that those summoned to appear for the medical examination and interview, who come from a greater distance than 200 miles for the purpose, will be paid half the cost of a 2nd class fare [by rail or (and) by sea] for the journeys.

9. Those candidates who are finally selected will be granted scholarships of the annual value of £250, in addition to the cost of fees, at a Veterinary College in the United Kingdom selected by the Secretary of State for the purpose of training. This sum, however, is unlikely to be sufficient to meet all the needs of a scholar, who should be in a position to provide himself with at least a further £100 per annum from other sources The period of training in the United Kingdom is ordinarily four years. Free second-class passages will ordinarily be given, though first-class passages may be allowed if second-class passages are not likely to be available within a reasonable time. The cost of travelling to the port of embarkation will not be paid. Scholars will be required to leave for England early in September 1921 and on their obtaining the diploma of the Royal College of Veterinary Surgeons and undergoing successfully the prescribed post-graduate course, they will be given a preferential claim to employment in the Indian Civil Veterinary Department, provided (*a*) they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Civil Veterinary Department, and (*b*) they satisfy the Secretary of State by any tests, including riding, which he may determine, of their fitness for employment in the department.

10. Scholars will be required to defray all expenses of lodging and board in the United Kingdom.

11. The grant of scholarships is subject to the following conditions :—

(*a*) that the progress of the scholar in his studies is satisfactory ;

(*b*) that the scholar gives security† to refund the payments in the event of his failing to qualify for an appointment in the Indian Civil Veterinary Department or to embark for India when directed by the Secretary of State or to join the Indian Civil Veterinary Department in due course or to sign the articles of agreement as specified in paragraph 13.

† Scholarship-holders will be required to give security to the local Government or Administration or Political Officer or Agent concerned. If this condition is not satisfied, they will not be permitted to leave for England.

12. Every scholar is required to conduct himself during the period of training in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies, in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his scholarship forfeited.

13. A scholar is required, on qualifying for appointment to the Indian Civil Veterinary Department, to sign articles of agreement setting forth the terms and conditions of his appointment.

14. Each scholar on appointment to the Indian Civil Veterinary Department will be provided with a free passage to India.

15. The scale of pay in force for officers of Indian domicile is given in Appendix I to these regulations.

16. Pension is governed by the regulations laid down by the Government of India, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government.

MEDICAL COLLEGE OF BENGAL.

RULES FOR THE GUIDANCE OF STUDENTS SEEKING ADMISSION.

1. Two classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the Province of Bihar and Orissa.

(*b*) "Military Class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum prelimianry qualification for admission to the—

(*a*) "Regular Class" is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

N.B.—All candidates for admission whose applications have been officially acknowledged are requested to attend at the Office of the Medical College, Calcutta, to appear before a Selection Board each day between 1 and 3 P.M., subsequently to the 25th May.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list:—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2(*a*). In addition, the Bihar and Orissa Government will

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, *viz.*, Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June:—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, Local Bodies, or Dufferin Fund, shall pay the same fees as regular students.

20. The following are the curricula of the College:—

PUBLIC DEBT OFFICE, IMPERIAL BANK OF INDIA,
Calcutta, the 6th May 1921.

Sheriff's Sale Proclamation.

TO be peremptorily sold, pursuant to the order of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction, dated the 30th day of June 1920, and made in execution of a decree made in suit No. 207 of 1917 (wherein Uma Charan Mitter was the plaintiff and Jogendra Nath Sircar was the defendant), by the Sheriff of Calcutta in his sale-room on the ground-floor of the Court house by public auction on Friday, the 10th day of June 1921, at the hour of 12 o'clock noon, the under-mentioned property :—

All that one-third share of the defendant in the rent-free land containing by estimation 4 cottahs 5 chitaks and 16 square feet, be the same a little more or less, with a dilapidated brick-built godown standing on a part thereof situate at and being premises No. 21, Durga Churn Mukherjee's Street, Bagh Bazar, in the North Division of the town of Calcutta, and butted and bounded in the manner following, that is to say, on the north by Durga Churn Mukherjee's Street, on the east by Galiff Lane, on the south by Annoda Prosad Neogi Lane, and on the west by the premises No. 20, Durga Churn Mukherjee's Street, belonging to Narayan Chandra Saha. From search made in the office of the Registrar of Assurances from 1865 to August 1920 it appears that in the two Bengali Bills of sale, dated 22nd February 1868, from Kala Chand Dass Sircar to Apurba Krishna Shaha and dated 25th February 1868 from Apurba Krishna Shaha, *alias* Bhutnath Shaha, in favour of Sreemutty Dinamoyee Dassi both relating to premises formerly No. 19, now No 21, Durga Churn Mukherjee's Street, the area of land comprised in the said premises and as described therein is 5 cottahs. The boundary as given in the said Bill of sale of 22nd February 1868 is as follows :—

North—Municipal drain,
East— Ditto.
South—Land of Raja Raj Krista Bahadur,
West—Bir Chand Nundy's house.

From search made as aforesaid it further appears that a Bengali mortgage, dated the 13th May 1907, was executed by Jogendra Nath Sircar, Surendra Nath Sircar, all sons of Kenaram Sircar, deceased, in favour of Bhowanipore Banking Corporation, Limited, for Rs. 4,000 and also that a Bengali mortgage, dated 14th May 1914, was executed by Jogendra Nath Sircar, Surendra Nath Sircar and Rajendra Nath Sircar in favour of Chanu Chandra Ghosh for Rs. 2,000. And further a Bengali mortgage, dated the 27th May 1914, was executed by Jogendra Nath Sircar, Surendra Nath Sircar and Rajendra Nath Sircar in favour of Sreemutty Promila Sundari Dassi for Rs. 3,000. There is a recital in the last mentioned mortgage that the Bhowanipore Banking Corporation, Limited, has filed a suit in the High Court against the mortgagers for the recovery of the amount due under the mortgage, dated the 13th May 1907, being suit No. 649 of 1909 and has obtained a decree and that major portion of the decretal amount has been paid off and there is still due to the said Bank Rs. 300.

The area of the premises No. 21, Durga Churn Mukherjee's Street, as mentioned in all the three mortgages abovementioned, is 7 cottahs.

The conditions of sale may be seen at the Sheriff's Office on any day before the sale and will be produced at the time of the sale.

The sum for the recovery of which the sale has been ordered is Rs. 3,966-5-6 and interest and costs of and incidental to this execution.

II. Capital and Income.—The capital of the institution was increased from Rs. 10,59,400 to Rs. 10,74,400 by investment from savings. Of this sum, Rs. 10,46,200 are in the form of a 3½ per cent. stock certificate of the year 1865, Rs. 13,200 are in Government securities, and the balance, Rs. 15,000, in Treasury Bills. The annual interest on the capital amounts to Rs. 37,079, which is kept in the Imperial Bank of India. The year opened with a balance of Rs. 30,180-0-9 and closed with a balance of Rs. 14,467-5-1.

III. Election to Vacancies, etc.—(1) The annual election of foundationers was held on Tuesday, the 20th January. For the 21 vacancies advertised, 46 applications were received, but 4 vacancies having since occurred, 25 girls were elected on the recommendation of a sub-committee consisting of the Ven. the Archdeacon of Calcutta, the Rev. Father T. Van der Schueren, S. J., the Rev. G. Henderson and Mr. Maurice Remfry. Of the girls elected, 12 were placed in the Loreto Convent, Entally (6 in the boarding school and 6 in the orphanage), 4 in St. Agnes' School, Howrah, 4 in the Free School, 2 in the Pratt Memorial School, one in La Martinière, one in St. Paul's Mission Home, and one in St. Andrew's Colonial Homes, Kalimpong.

(2) Of the 12 girls withdrawn during the year, 8 had attained the age of 17 years, the limit ordinarily allowed under the rules, 3 were withdrawn for other reasons, and one died.

(3) Of the girls who had been withdrawn during the preceding year, and in respect of whom reports have been received during the year under review, one is a teacher, one is employed at the Telephone Exchange, one is a typist, one is a child's nurse, and one is an assistant in a Railway co-operative society. Another is employed as a ticket collector on the Bengal-Nagpur Railway, while two were learning short-hand and type-writing, and one household work.

(4) At the close of the year there were 93 girls on the rolls against 79 in the previous year. They were distributed as follows :—

Loreto Convent, Entally ...	Boarding School 16 Orphanage 14	30
Calcutta Girls' High School		19

(5) The following table affords particulars as to the class and religion of the wards at the close of the year :—

Class.	Roman Catholic.	Church of England.	Non-conformists.	Total
1. Orphans, or deserted by their parents	9	8	6	23
2. Fatherless or motherless or deserted by their fathers or mothers ...	30	19	7	56
3. Those who have both parents alive ...	6	6	2	14
	45	33	15	93

(6). The health of the wards was on the whole satisfactory. There was one death from dysentery.

IV. Education and Maintenance.—(1) The nature of the education given to the wards was that prescribed for elementary and higher elementary schools under the Code of Regulations for European Schools in Bengal, and in a few cases that for secondary schools.

(2) The Governors are anxious that their wards should not be allowed to drift until they leave schools, and they have accordingly asked the school authorities and the Visiting Governor to let them know with reference to each girl who attains the age of 15, what her capacities and prospects are, and to advise them in the light of these. how the last two years or so of their school-life should be spent to the best advantage. They have also prepared and distributed to schools a pamphlet showing what appointments are open to Anglo-Indian girls.

(3) Two wards were presented for the Senior Cambridge Local Examination held in December 1919, and both passed. Five were presented for the Junior Cambridge, of whom four passed. Three were sent up to the Elementary School Certificate Examination, and all passed. Several wards appeared at the Cambridge Local Examinations held in December 1920 ; the results are not yet known.

(4) Under the rules, a girl is not ordinarily allowed to remain on the fund after she has attained the age of 17 years, when an outfit grant of Rs. 100 is generally given on application, to enable her to make a start in life. In cases where girls wish to be trained as teachers, or where some other special training is recommended, or they are preparing for higher examinations, some extension of the period of benefit is generally allowed. One girl was granted a year's extension to enable her to be trained as a teacher ; two were granted similar extensions to enable them to study for the Senior Cambridge Local Examination ; while another was granted two years' extension to enable her to undergo a technical course of instruction.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 26-7-9 against Rs. 27-12-8 in the preceding year.

(6) The amounts paid under the different heads of expenditure were as noted below :—

		1920.		1919.	
		Rs.	A.	Rs.	A.
Education and maintenance	...	33,300	7	32,245	8
Office establishment	...	891	0	891	12
Contingencies	...	72	9	82	5
Advertisement and printing	...	497	9	285	5
Cost of outfits	...	3,400	0	1,382	3
Other charges	...	378	10	232	3
		38,540	3		
Investment	...	19,200	0		
Total	...	57,740	3	35,119	4

(7) The large increases under the heads of "Advertisement and printing" and "Cost of outfits" are due to the fact that there was no election in the previous year, and hence there was no charge for advertising the election notice. In the case of "outfits" 25 new wards were elected who each received a joining outfit grant of Rs. 100 each.

V. Inspection.—The Rev. G. Henderson was appointed Visiting Governor for the first half, and the Rev Father A. Gille, S.J., the second half, of the year. Their reports were on the whole satisfactory. Mr. Henderson stated that he found in all the schools the wards looked well and happy, but that a number of the children newly admitted as Bruce wards showed in their pinched faces and bodies signs of malnutrition in the past which they appeared to be fast getting over. Also that the wards were well reported of by the school authorities Father Gille reported that he visited all the schools in Calcutta which have Bruce wards. He found that in all the schools, except one, the girls looked healthy and happy. In that school the girls complained of the quality and quantity of the food, but Father Gille was not in a position to verify the statement.

VI. Meetings.—Four meetings were held during the year, but there were no resolutions of general importance calling for special mention.

Honorary Secretary to the Governors.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Forecast of the Spring Oilseed crops of Bengal, 1920-21.

(NOTE.—On an average of the five years ending 1918-19, the area under linseed in Bengal has represented some 5·5 per cent. and that under rape and mustard 19·4 per cent of the total areas under these crops in British India).

Character of the season.—As reported in the preceding two forecasts, the weather at the outset was generally unfavourable owing to excessive rainfall. Subsequent dry weather helped the growth temporarily, but generally the crops suffered from the prolonged drought, which extended up to the middle of January. Winter rain, though too late, was somewhat beneficial to the late-sown crops. In the beginning of March heavy rain accompanied with hailstorms caused damage to the ripe crops in some East Bengal districts. On the whole the season was fair for the crop.

Acreage.—The total area under oilseed crops (excepting sesamum for which separate forecasts are issued) is estimated at 1,035,800 acres this year against 1,067,700 acres (now revised) last year.

Outturn.—According to the estimates of District Officers, the outturn of different kinds of oilseed crops (excepting sesamum) for the Province works out to 77 per cent. of the normal this year against 76 per cent. last year.

Taking 5¼ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard and 4¼ maunds for other oilseeds, the total yield for the Province is estimated at 172,500 tons this year against 174,500 tons (now revised) last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Wheat Crop of Bengal, 1920-21.

[NOTE.—On an average of the five years ending 1918-19, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to the total wheat acreage in (*a*) British India and (*b*) in the territory now reported on, has, in the five years ending 1918-19, averaged (*a*) 41·8 and (*b*) 17·0 per cent., respectively.]

Character of the season.—The period covered by this forecast is that of harvesting during which time weather conditions were favourable for the operation.

Area sown.—According to the estimates of the District Officers, the total area under wheat amounts to 116,900 acres against 116,100 acres last year.

Outturn.—From the District Officers' estimates, the provincial outturn works out to 86 per cent. of the normal this year, against 78 per cent. last year.

Taking the normal yield to be 8½ maunds per acre, the gross yield of the crop for the province is estimated at about 31,400 tons this year against 28,300 tons last year.

At the end of April, the average wholesale price of wheat at the principal marts of the province was Rs. 6-13-7 per maund or about 1·3 and 1·5 per cent. lower than the prices ruling at the corresponding period of last year and in the year preceding, respectively. The average wholesale price of common rice at the principal marts, on the other hand, was Rs. 6-10-7 at the end of April this year or about 6·3 per cent. lower and 4 per cent. higher than the prices respectively in the corresponding period of last year and in the year preceding.

Director of Agriculture, Bengal.

REPORT ON THE ESCAPE OF PRISONERS FROM THE RAJSHAHI CENTRAL JAIL.

GOVERNMENT OF BENGAL.

POLICE DEPARTMENT.

CALCUTTA, THE 17TH MAY 1921.

RESOLUTION—No. 1245Pl.

ON the 24th March, a telegram was received stating that about 700 prisoners had broken out of Rajshahi jail. Enquiries were at once made by the Commissioner of the Rajshahi Division and by the Inspector-General of Prisons. As allegations were made in the press and elsewhere that the outbreak was due to ill-treatment and bad food, a further enquiry was made by the Inspector-General of Prisons, assisted by Babu Kishori Mohan Chaudhuri, M.L.C., and by Maulvi Wajihuddin Ahmed. The enquiries of the Divisional Commissioner also covered the incidents connected with the recapture of the majority of the convicts. The Governor in Council considers it desirable to make public an authoritative statement of the facts, together with his conclusions upon the various points involved.

The matter naturally falls into two parts and will be so dealt with, namely, Part I, the escape, and Part II, the recapture.

PART I.

2. It appears that the agitation which led up to the outbreak on Thursday, the 24th March, had been going on for some days. Rumours were spread throughout the jail that Mr. Gandhi was coming to Rajshahi on the 25th, that the British Government had come to an end, that Mr. Gandhi was now the ruler of India, that all prisoners were being released, and that already the prisoners of four jails had escaped. On Wednesday, the 23rd March, the prisoners bound *rakhi* or threads on their wrists as a sign of unity. It was agreed that they would go out of the jail on the 25th, although subsequent events led to the outbreak taking place a day earlier. Nothing of this however was brought to the notice of the Superintendent or jailor, and the first indication which they seem to have had was on the Thursday morning. On that day, there were shouts of *Gandhi Maharaj ki jai* when the jail was opened, and almost all the prisoners on being taken to the worksheds refused to work. Persuasion failed to make them work, and the Superintendent did not attempt more vigorous action because he considered that it would convert a passive strike into active violence.

At noon, nearly all the prisoners refused to take their food. A few minutes later the relieving guard of twenty warders, armed only with batons, entered the jail and scattered to the various wards to take over charge from the relieved guard. As there were already twenty-seven warders inside the jail, also unarmed, and the total strength was only sixty-two, the number of warders left to meet an outbreak was small. While the relief was being carried out, the mate of a gang which had been working in the jail garden started to eat in spite of the protests of his fellow convicts. He was assaulted; two warders went to his assistance; one blew his whistle, and the alarm was sounded. The alarm was no sooner given than from all sides the convicts, seizing any kind of weapon or missile on which they could lay their hands, broke through the enclosures and rushed to the open space in front of the entrance.

On hearing the alarm, the Superintendent, who was in the office, told the assistant jailor to telephone to the police. It was then found that the telephone was out of order, and the assistant jailor was sent on a bicycle

to the police lines, and the sub-assistant surgeon to the District Magistrate. Two armed warders had been posted to the roof of the jail, and five armed warders were sent round outside the main wall, to prevent convicts scaling the wall. The Superintendent then entered the jail with the jailor, three assistant jailors, two head warders and eight men of the reserve guard. These eight men were armed with rifles; the Superintendent has stated that he ordered four of them to load with blank and four with buck shot. They were told not to fire. The mob of about seven hundred convicts was then some thirty yards away shouting and brandishing their weapons. The Superintendent and jailor went towards them.. The chief head warder advised the Superintendent to go no further and was himself going up to the mob, when the convicts made a rush, pushed him and the warders aside and reached the gate. Missiles were thrown at the Superintendent and jailor who took refuse inside the interview room at the side of the jailor's office, but no serious attempt seems to have been made by the convicts to do harm either to them or to the rest of the jail staff. The convicts quickly broke a hole in the inner gate with an axe, one or two men went through this and opened the gate, the locks of the outer gate were forced, and the prisoners streamed out. Out of the total number of 919 prisoners 669 went out.

3. From the investigations which have been made it is clear that the mutiny was not due to bad food or ill-treatment. Complaints about these have been made only by prisoners who were in the jail for some days after recapture. Those who were examined as soon as they were caught stated that they had no complaint to make about food or ill-treatment. The record showing the weights of prisoners confirms the view that the food had not been bad, for the percentage of prisoners gaining weight was considerably more than the percentage losing weight. The reports made by non-official visitors to the jail have been examined. The only fault noticed in the food was that vegetables were sometimes old and bad, but the general tenour of the reports is that the food was good. The record of punishments shows an average of 60 a month, and it is clear that punishments were not excessive either in number or in degree. Discipline in fact appears to have been lenient. and it is noteworthy that tasks as laid down in the Jail Code have not been enforced. It is true that some of the prisoners who were examined after they had been re-admitted to the jail stated that before the outbreak they had been beaten by warders. This is not supported by the statements of prisoners who were examined immediately after recapture and before they had an opportunity of consulting their fellows, but perhaps the best proof that there had been no ill-treatment is the fact that at the time of the outbreak no violence was offered to the warders.

4. On the question whether there was collusion from outside the jail, there is but little evidence. It is clear that the telephone between the jail and the police lines had been deliberately put out of order both in the jail and in the police lines. This must have been done by some person other than a convict, but by whom there is nothing to show. There is hearsay evidence that one of the ring-leaders told prisoners that students on the embankment outside the jail, which is visible from inside, had held up their wrists, apparently as a sign that they would co-operate with the prisoners. Another ring-leader is said to have told several prisoners that he had received letters from outside stating that the prisoners of four jails had freed themselves. Little importance can, however, be attached to such evidence, and there is no reason to suppose that the mutiny was organised outside the jail. On the contrary, it is clear that it was organised by prisoners, and apart from the one incident of the telephone their organisation did not rely for its success on any outside help.

5. The motives which led this large number of prisoners to mutiny may be gathered both from the evidence and from the behaviour of the prisoners themselves. The rumours that were spread in the jail that the British Government had come to an end, that Gandhi was now the ruler of India, and that all prisoners were to be released; the tying of threads on wrists to show that Hindus and Muhammadans were now one; the belief

that the warders would not fire; the shouts of *Gandhi Maharaj ki jai*; the refusal to work and to take food, and the abstinence from violence, all point to the same conclusion. When the Superintendent was trying to persuade the convicts to work, one of them made some complaint that they were not given sufficient salt in their food. On this, a fellow convict exclaimed *Kahi khel karta ho*?, and turning to the Superintendent said, *Ham log Gandhi Maharaj ka hukum sunega, magar Sarkar ka hukum nahi manega.* In the opinion of the Governor in Council, the outbreak is the outcome of the unrest and want of respect for established authority which has been so widely spread by Mr. Gandhi's propaganda.

6. The Governor in Council has carefully considered the question of the responsibility of the jail staff for their failure to prevent the escape of the prisoners. Whilst recognising that the Superintendent, Mr. S. J. V. Fox, was placed in a position of great difficulty and grave anxiety, and that he did not receive from his staff the loyal support which he was entitled to expect, the Governor in Council regrets that the only conclusion which can be formed from the evidence, and from the Superintendent's own statements, is that he failed to deal adequately with the situation. He misjudged its seriousness in the morning when the prisoners refused to work; beyond persuasion he made no strong effort to restore order even when he found after his return from the District Magistrate's house that the strike had spread to most parts of the jail. When the alarm was given, he made the serious mistake of taking the few available armed men inside the inner gate instead of posting them outside the outer gate, from behind the bars of which they would have had no difficulty in preventing any escape through the gate. Finally when the Superintendent found that the prisoners refused to submit and were bent on attacking the gate, he should have warned them that if they did not immediately submit, they would be fired upon. If they disregarded such a warning then it was his clear duty to open fire. This he failed to do.

With regard to the subordinate staff of the jail, disciplinary action will be taken by the Inspector-General of Prisons. Arrangements will be made to remove the Superintendent from his present charge.

PART II.

7. With the emergence of the convicts from the jail gates the affair passed from the control of the officers of the Jail Department to that of the ordinary district authorities, and it remains to describe the action taken by the latter and the incidents of the pursuit and recapture (in part) of the men who escaped.

8. On leaving the jail the convicts appear to have proceeded in a body along the Nator road, which winds through rows of houses for more than a mile before coming out into open country. The route was strewn with discarded articles of prison kit (iron plates, clothing, etc.), but the men did not molest the ordinary townsfolk. At Matihar—four miles from Rajshahi—after cutting the telegraph wires to Nator, they swung off to the north towards Godagari hat, but at or about a village called Kharkaria some 100 of them turned eastward in the hope of reaching the railway line, and were lost sight of from that time. The rest continued towards the north, till about four miles further on, at a point between Saranpara and Godagari hat, they dispersed under cover of darkness in the jungle, after the encounter with Mr. Graham's party referred to below. Later, they seem to have turned to the east after crossing the Baraloi river, making towards the railway line, but the pursuit did not again get into touch with them as a body. Put briefly, therefore, the escaped men began by keeping together; a few miles out about a sixth of them split off, and were not seen again, but the rest stayed by one another till nightfall when they scattered. Throughout the march stragglers fell out and were rearrested by the pursuit; but after the first day the recapture became a matter of rounding up individuals, either alone or in small numbers.

9. The action of the district authorities may be viewed in two parts namely that which preceded, and that which followed, the actual escape.

The Superintendent of the jail informed both the District Magistrate (Mr. Reid) and the Superintendent of Police (Mr. Macdowell) on the morning of the outbreak that the prisoners were giving trouble, but since he only asked that the police in the lines should be warned to be in readiness, nothing more than this was done, and being guided by the advice of the Superintendent, it is not unreasonable that at this stage the district authorities regarded this as sufficient.

10. The police lines are situated about a mile from the jail. Owing to the break-down of the telephone, word reached the subadar in charge by a bicycle-messenger a little before 1 P.M., and of the 50 constables then at his disposal he at once despatched 26 to the jail, posting the rest at various possible points of attack. There was naturally some apprehension at that time that the convicts might start looting in the town and the local Government accept the finding of the Commissioner that this disposition was wisely made.

11. The police, as also the Superintendent (who had been separately warned), reached the jail some ten minutes after the prisoners had left. Mr. Macdowell at once proceeded to collect the owners of motor cars—Mr. Graham, the judge, Mr. Furrokh, deputy magistrate, and the additional superintendent, and to commandeer *ekkas* and a motor lorry from the company which plies between Rajshahi and Nator. This took time, and it was not until about 2 P.M. that the above officers, with about 40 constables, got under way. At Matihar they were informed that the convicts had gone north, and the cutting of the telegraph wires was discovered. Sending on Mr. Furrokh to Nator to despatch fresh warning telegrams, the rest left their transport and advanced on foot, the additional superintendent and 12 men being detached at Kharkaria in search of the smaller party. Meanwhile the District Magistrate (Mr. Reid), who reached the jail just after Mr. Macdowell had left it, followed the tracks of the convicts in his motor car, picking up a deputy superintendent and four constables on the way. He almost at once dropped this officer and two men to pursue stragglers, and going on with the other two and a sub-inspector, whom he met, he came up with the escaping men on the outskirts of the town. The latter shouted at him and threatened him, and with the force at his disposal he could obviously do nothing. He, therefore, decided to motor on to Sarda (19 miles) where, at the police school, there is a large body of men, and to get help from there. Reaching there at 2-35 P.M. the principal turned out three companies of armed recruits in charge of Mr. Bell, assistant principal, inspector Linford, and subadar-major Wali Muhammad, who made a start at about 3-30 P.M., when the school lorry unfortunately at once broke down. Mr. Reid, taking on eight men in his car, proceeded to the junction with the Nator road, where he heard from Mr. Furrokh (who was met on his way to Nator) that most of the convicts had turned north at Matihar. He accordingly proceeded to that village where he dropped his party (14 miles from Sarda), and returned to Rajshahi to ascertain what was happening and to get provisions. The Commissioner is of opinion, with which the Governor in Council agrees, that in allowing the convicts to go through the town, and following them as quickly as possible with the small party available, while reinforcements were brought from Sarda, the district authorities took the best course. An attempt with a small force to attack the convicts in the bazar could only have ended in street fighting, bloodshed and confusion.

12. The position, therefore, then was that Messrs. Graham and Macdowell with some 18 men (their force had been depleted by guards left in charge of recaptured stragglers) were on the tracks of the main body somewhere between Kharkaria and Godagari hat; the additional superintendent, with 12 men, was in pursuit of the smaller body of convicts, and the officers of the reinforcements from Sarda were at Matihar, to which place the reinforcements from the police school were slowly coming up.

Messrs. Graham and Macdowell got in touch with the convicts, who, on the above estimates, must have numbered about 500 less the captured stragglers (Mr. Graham estimated the main body at from 200 to 300) about

four miles from Kharkaria. The convicts were marching in an organised body and were armed with *lathis* and axes. The road being there lined with dense jungle, the parties followed one another for a little distance, Mr. Graham shouting to the convicts to throw down their arms and stop. On emerging into cultivated country the convicts turned, and throwing clods and brandishing their *lathis*, advanced on their pursuers, whereupon Mr. Graham asked the police to fire at about 40 or 50 yards distance. They did so, but apparently without much result, and their assailants came on to within about 20 yards, when their leader was shot dead and the rest broke and fled. The order "cease fire" was given at once and was promptly obeyed. In the words of Mr. Graham (who has seen service) "the conduct of the party would have done credit to a regular regiment." Next day a dead body (since identified as that of a convict undergoing a seven years' sentence for dacoity) was found in the jungle, while four other wounded convicts, who stated that they were wounded here, were subsequently recaptured. These men are now practically well. According to the ammunition later on returned, 31 rounds were missing, but it is not certain that all these rounds were fired, as one unexpended cartridge was picked up and others may have been dropped. The Commissioner is of opinion that "the firing was absolutely justified, and if the constables had not fired they would have been wiped out by the convicts." That conclusion appears to the Governor in Council to be fully borne out by the facts.

13. After the above incident the police endeavoured to resume the pursuit, but were impeded by the jungle in which touch with the convicts was finally lost. At this point Mr. Macdowell, who had been ill for some days collapsed, and although Mr. Graham pushed on some two miles at the heels of the main body, he was only able to pick up a few stragglers, before he too had to halt owing to nightfall and the exhaustion of his men, who had been marching without food or water, in the scanty attire in which they had doubled out of the lines, since about two o'clock in the afternoon. Mr. Graham then returned to Rajshahi to arrange for food, transport, etc. On his way back he met the Sarda party, in different detachments, marching up to join his men, as also Mr. Reid, who had got back to Godagari hat (11 miles from Rajshahi) at 7-45 P.M. The latter returned with Mr. Graham to Rajshahi, and was busy most of the night despatching provisions, etc.

14. The main body of the Sarda recruits joined Mr. Macdowell about 11-30 P.M., the other officers then present being Mr. Bell, inspector Lingford and subadar-major Wali Muhammad, and the whole force continued the pursuit. They received information that the convicts armed with four or five guns had looted Mohanganj hat (five miles further to the north), and were resting there in an exhausted state. Pushing on along a moonlit road, strewn with prison clothing, they reached the village, apparently between 1 and 1-30 A.M., and a reconnaissance having confirmed the information that there were some 40 men, who looked like convicts, asleep in a shed, they surrounded it and attempted to arrest the inmates, special orders having been given by Mr. Bell that there was to be no firing. A struggle ensued and a recruit let off his rifle; others, under the impression that they were being attacked, fired also, and in the confusion and noise the orders of the officers to cease fire were not heard. Nine shots were fired in all, and a tenth was fired at a man who was found crouching in a ditch and who ran away and swam the river when pursued. He was challenged by Mr. Macdowell in Bengali and warned to stop or the party would fire; two recruits were about to cross the river when the man climbed the bank and ran away, whereupon Mr. Macdowell fired with buckshot at some 120 yards and wounded the man. In all five men were wounded in this meleé; four (including the man shot by Mr. Macdowell) have recovered, but one, a villager, who seems to have approached the shed during the struggle and was hit by a stray shot, subsequently died. He attended the Tahirpur dispensary on the 26th March with two wounds, neither of which was regarded by the doctor as very serious. One was attended to and the second (owing to his weakness) was left till the morning, but the man's relatives took him away during the night without the

knowledge of the doctor, and the wound (from which, under treatment, he might have recovered) probably turned septic, causing his death.

15. Although two of the men arrested at Mohanganj were, in fact, escaped convicts, it was found in the morning, when there was time to sort out the men arrested, that most at least of the men in the shed were up-country coolies, and it is evident that there was an unfortunate mistake over the whole affair. As has been explained, the force of recruits, which had been on the road since 3-30 P.M. and had marched about 28 miles, thought that they were about to effect the seizure of a party of armed convicts; the supposed party were mainly coolies on the move, while the villagers appear to have taken the police for dacoits and to have tried to hide from them under that impression. The Commissioner reports as follows on this point :—

"The firing at Mohanganj was done by the Sarda recruits with the exception of one shot fired by Mr. Macdowell. The occurrence at Mohanganj * * * was an unfortunate instance of mutual mistake and misunderstanding. The police had been told as they passed along that certain convicts had looted the Mohanganj hât and were resting in the village. They also found traces of the convicts in the shape of discarded jail clothing on the road as they moved towards Mohanganj. They, therefore, expected to find convicts there, and when Wali Muhammad and the two constables who had gone forward to reconnoitre reported that some 40 persons, who looked like convicts, were sleeping in a shed in the village, they naturally surrounded the shed and tried to arrest the inmates. It now turns out that most at least of the men in the shed were up-country coolies from the Sonthal Parganas; but the mistake was very natural. The unfortunate shot fired by one of the recruits caused all the trouble. It cannot be ascertained who fired this first shot; but it seems fairly probable that it was a Gurkha recruit who understood no language but his own patois, and maintained that he had heard an order to fire, although Mr. Bell had definitely ordered the men *not* to fire. When the struggle between the recruits and the coolies in the shed began there were shouts of '*maro*,' and the recruit who fired may have mistaken this for an order to fire or he may have fired out of pure excitement. At all events the initial shot was responsible for a burst of indiscriminate firing since other recruits were under the impression that the first shot had been fired by the convicts. At that time it was apparently generally believed that the convicts had four or five jail muskets with them, although ultimately it was found that they had taken one only. Even when I arrived at Rajshahi on the 26th March there seemed to be some reluctance on the part of the local police officers whom I found there to accept Dr. Fox's statement that he had checked the stock of rifles and found only one missing. This shows that there was a strong belief in the initial stages that the convicts had got away with several rifles. Thus it was quite natural that some of the recruits might think that the first shot was fired by the convicts and should return the fire. There must have been great confusion for a moment, and it is not surprising that some of the recruits got out of control. They were, however, quickly brought under control again and the firing stopped."

* * * * * *

"I am of opinion that the firing at Mohanganj was an almost inevitable result of the situation. I do not think that any blame attaches to the responsible officers for the sudden outburst of firing. They had warned the men not to fire, and they stopped the firing as soon as they could. It is impossible to decide now who fired the actual shots, and it does not seem profitable to enquire. The recruits were most of them young men with not more than 18 weeks' training, and can hardly be blamed for losing their heads for a few minutes. The emergency being a sudden and urgent one all the available men had to be sent out. It was impossible to pick and choose. As to Mr. Macdowell's shot at the man who swan across the river I think that in the circumstances he was justified in firing."

The Governor in Council is of opinion that these conclusions are correct. The whole unfortunate affair of the attempted arrest was due to a mistake, but to a mistake which was perfectly *bonâ fide* and, indeed, intelligible. The meleé having once started, some of the recruits got out of hand and fired without orders, with the unfortunate results mentioned. The Governor in Council shares in the regret of all concerned that the incident should have occurred, and compensation is being paid to the men wounded and to the family of the one deceased.

16. The pursuit pressed on throughout the night and all next day, but it is unnecessary to recite the details. It is sufficient to say that the country was scoured, the railway line guarded, and patrols sent out. Men were drafted in from outside, and active measures were continued up till the 14th April, after which the matter was left in the hands of the Rajshahi police,

though the surrounding areas had all been warned and intimation sent to all thanas in which were the homes of any of the convicts. Up to the 14th April 446 out of 669 who had escaped had been recaptured. The latest figure available is 471.

17. Of the only other incidents which merit special mention, the first occurred at Atraighat station on the 25th March. Two Sarda recruits arrested two suspicious characters (who were in fact escaped convicts) loitering on the river bank. They seized them, when one struggled free and ran away. The constable warned him that he would fire, but to no effect, and he eventually fired and killed the man. The Commissioner observed that "I do not think that any blame can be attached to the recruit for firing. He did not intend to kill the man, and he had to fire to prevent his escape."

Another convict—a Gurkha—was found dead on the 24th March near Palaimari near Rajshahi. The Civil Surgeon, after a post mortem, certified the death to be due to apoplexy.

18. All the salient features of the pursuit have now been touched upon, and it remains only to note the general conclusions of the Governor in Council.

So far as the district authorities are concerned, they displayed conspicuous energy, resource and activity, and thanks are particularly due to Mr. Reid, Mr. Graham, Mr. Macdowell and Mr. Bell. They organized the men at their disposal to the best advantage, and they did not spare themselves in doing all that was possible to press the pursuit. The rank and file responded admirably and the distances covered by them, with little food and rest, were remarkable. In the words of the Commissioner "all concerned in the pursuit and recapture—both officers and men—gave their best, worked indefatigably, and showed marked courage and endurance."

It is much to be regretted that it was found necessary to fire, with the loss of 4 lives as a result, but on two out of the three occasions when firing took place no blame attaches to the police. On the third occasion there was admittedly confusion and mistake, though the circumstances lent themselves to a not unnatural misunderstanding in a peculiar degree, however unfortunate the results.

Ordered that copies of the Resolution be forwarded to the Inspector-General of Police, the Inspector-General of Prisons and the Commissioner of the Rajshahi Division for information.

Ordered also that the Resolution be published in the *Calcutta Gazette*.

(*a*) "Regular Class" is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

N.B.—All candidates for admission whose applications have been officially acknowledged are requested to attend at the Office of the Medical College, Calcutta, to appear before a Selection Board each day between 1 and 3 P.M., subsequently to the 25th May.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list:—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2(*a*). In addition, the Bihar and Orissa Government will

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, *viz.*, Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June:—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. ACQUISITION OF LAND ON BEHALF OF REGISTERED COMPANIES FOR HOUSING SCHEMES IN CALCUTTA.

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

Local Self-Government.

DARJEELING, THE 14TH MAY 1921.

RESOLUTION—No. 33T.—L.S.-G.

IN Municipal Department Resolution No. 84T.M., dated the 24th May 1920, it was announced that, so long as emergent measures are necessary for

the development of Calcutta, the Government of Bengal were prepared to acquire land under the Land Acquisition Act on behalf, and at the cost, of registered companies which had been formed for the provision of housing accommodation in Calcutta, provided that their schemes were approved by Government. Up to the present only one application for the acquisition of land under the terms of this resolution has been received by Government. Subsequent to the issue of the resolution the Government of India expressed the opinion in connection with certain proposals of the Industrial Commission, that in view of section 41 (5) of the Land Acquisition Act, the compulsory acquisition of land by companies for industrial purposes without the admission of any right of user by the general public is not authorised by the law as it stands. As it appeared that the same consideration would apply to the acquisition of land for residential purposes, the matter was referred to the Advocate-General for opinion. The Advocate-General concurs in the view of the law expressed by the Government of India and further points out that it would be impossible to state in the agreement required under section 41 (5) of the Land Acquisition Act "the terms on which the public shall be entitled to use the work" for the purposes of which land is acquired. The Government of Bengal (Ministry of Local Self-Government) accept the opinion of the Advocate-General and are satisfied that they are not legally competent under the Land Acquisition Act to acquire land on behalf of companies for housing schemes of which the benefit must necessarily be enjoyed by individual members of the community and over which the public at large cannot exercise rights of user. In these circumstances the resolution above referred to is cancelled.

By order of the Government

(Ministry of Local Self-Government.)

L. S. S. O'MALLEY,

Secretary to the Government of Bengal.
